

Beelzebub

John Faulkner Potts

Beelzebub:

Beelzebub Baal Kadmon,2019-11-22 Beelzebub is one of the most popular of all demons in the Western Occult tradition He like many of his infernal colleagues has roots in the ancient past Often his early history is ignored in the western tradition and replaced by information that may portray him in ways that are not justified Even his very name is misleading but it is also a clue to his ancient origins If you read my most recent book Devils Demons and Ghosts In the Hebrew Tradition I exclude Beelzebub as a demonic name because technically in Judaism proper he is not considered to be a demon but a Pagan God There is only one source that portrays him as a demon and that is in the Dead Sea Scrolls and even there it is very sketchy I will discuss that later However in all other literature outside of Judaism he is very much a demon In this book I will cover a lot of ground and unlike my book Belial A History this book WILL have rituals The reason for that is because I have worked with Beelzebub and his many aspects Whereas I have not worked a lot with Belial I only write about things that I know and experience In this book you will learn The Name of Beelzebub and its origins Beelzebub in the Old Testament Beelzebub in the Dead Sea Scrolls Beelzebub In the Pseudepigrapha Apocrypha and Gnostic Texts Beelzebub In the New Testament and Old Testament Greek Septuagint In the New Testament we have reference to Beelzebub using a slightly different name I will examine this further AND compare the Greek descriptions of Beelzebub in the New Testament and other Greek sources Beelzebub in the Occult literature Beelzebub in John Milton s Work I will also include five powerful rituals meditations With that let us get started we have about three to four thousand years to cover *The Revolution of Beelzebub* Samael Aun Weor,2014-07-15 eoeMy intentions were in the long run to perform the greatest task in the cosmos which was to take Beelzebub out of the Black Lodge and transform him into a disciple of the White Lodge e Samael Aun WeorThe Revolution of Beelzebub tells the incredible story of Samael Aun Weor and his efforts to convert the demon Beelzebub Beginning in the ancient past this incredible journey takes us from the cradle of humanity Arcadia the ancient golden age through the rise and fall of races and civilizations We learn how the ancient prince Beelzebub was tempted into the path of pleasures and vices and how he gradually degenerated to eventually become a terrible demon with millions of disciples Along the way we see the differences between the white and black paths their ethics rituals magic initiations powers and results all of which were first revealed to the public in this book Then during World War Two a time when demonic forces were threatening to overrun the world one man disrupted their plans by helping one of their greatest leaders to defect Beelzebub It was an unprecedented act of love and an inspiration for if even a demon from the depths of hell can be saved there is hope for the rest of us provided we are willing to do our part Our hope for liberation comes in the form of practical steps the same steps taken by Beelzebub when he left the Black Lodge which are explained in detail in this book Through radical internal change a psychological and spiritual revolution even a demon can be converted into an angel **Philosophy and Art in Gurdjieff's Beelzebub** Anna T.
