Exploring Language:

Language Through the Looking Glass Marina Yaguello, 1998 To play with language is to break its rules disrupt its patterns exploit its weak points Thus paradoxically puns and spoonerisms neologisms and slogans reveal and highlight the patterns to which discourse conforms patterns which reflect the linguistic competence of language speakers Only those who have linguistics competence can play with it thus language games and the poetic use of language are underpinned by unconscious use of linguistic analysis Using Lewis Carroll s Alice as a starting point Marina Yaguello takes the reader on an unconventional voyage around language charting the major themes of linguistics on the way She shows that we can come to an understanding of language in general and of particular languages through exploring the devices of humour word games and poetry devices which reveal the unconscious linguist in all of us The result is an entertaining but rigorous introduction to language and linguistics for non specialists and students alike *Exploring Language Frameworks* Evelina D. Galaczi, Cyril J. Weir, 2013-01-10 This book explores the impact of language frameworks on learning teaching and assessment viewed from the perspective of policies procedures and challenges It brings together a selection of edited papers based on presentations given at the 4th International Conference of the Association of Language Testers in Europe ALTE held in Krak w Poland in July 2011 The selected papers focus on the conference s core themes as follows the effect of frameworks on teaching learning and assessment the value of frameworks for teachers learners and language policymakers the contribution of frameworks towards describing particular languages *Exploring Language Change* Mari Jones, Ishtla Singh, 2013-09-13 In this student friendly text Jones and Singh explore the phenomenon of language change with a particular focus on the social contexts of its occurrence and possible motivations including speakers intentions and attitudes Presenting new or little known data the authors draw a distinction between unconscious and deliberate change The discussion on unconscious change considers phenomena such as the emergence and obsolescence of individual languages whilst the sections on deliberate change focus on issues of language planning including the strategies of language revival and revitalization movements There is also a detailed exploration of what is arguably the most extreme instance of deliberate change language invention for real world use Examining an extensive range of language situations *Exploring Language Change* makes a clear but often ignored distinction between concepts such as language policy and planning and language revival and revitalization Also featured are a number of case studies which demonstrate that real life language use is often much more complex than theoretical abstractions might suggest This is a key text for students on a variety of courses including sociolinguistics historical linguistics and language policy and planning *Exploring Language in Global Contexts* Jeffrey Gil, Sky Marsen, 2022-06-07 This accessible and engaging textbook offers a practical approach to understanding the complexity of language by exploring language use and language learning in a wide variety of contexts Bringing together leading specialists who are active researchers in the field of linguistics this book introduces readers to major fields of language study by focusing on social

cultural and historical factors that show the dynamic nature of language Topics explored include first and second language acquisition grammar meaning making and pragmatics language use and technology language variation and English as a global language This book surveys major principles and shows how to apply them through structured discussion topics and activities to facilitate a greater understanding and appreciation of language This is essential reading for undergraduate students taking courses in linguistics and language use and a valuable resource for students of communication studies media studies sociology and anthropology

Exploring Language Gary Goshgarian, 2004. Now in its tenth edition this marketleading language reader continues to feature thoughtprovoking readings that explore the various interconnections between language and American society. For over 25 years this engaging reader has challenged individuals to critically examine how language affects and constructs culture and how culture constructs and affects language. This tenth edition maintains the integrity of past editions while reflecting the new and fascinating language issues that exist in today's culture. Provocative selections are organized around nine major language areas and then broken into stimulating sub themes like political correctness hate speech language and the presidency and censorship on campus inviting readers to debate current social and cultural issues that are inseparable from language. Individuals interested in studying how language affects and constructs culture and how culture constructs and affects language.

Exploring Language Variation, Diversity and Change Marinela Burada, Oana Tatu, Raluca Sinu, 2021-07-23. While communication is becoming increasingly multimodal verbal language and its use in different communicative situations still hold centre stage in many research circles. The articles in this book explore native and second languages from three vantage points syntactic structure their uses in professional settings and second foreign language pedagogy. Using different methods and methodologies the contributions here draw on both theoretical and empirical data in order to investigate a series of language internal and language external factors that both account for the structural peculiarities of Romanian and English and have a bearing on its translatability and learnability by students of English as a second language. Featuring the hands on experience of teachers and learners in the Romanian context this

volume provides useful insights and illustrative examples of relevance to theorists and practitioners in language and communication related fields Exploring Languages Dora Kennedy, Pat Barr-Harrison, Maria G.
