The Case For Impeachment:

The Case for Impeachment Allan J. Lichtman, 2017-04-18 NATIONAL BESTSELLER Lichtman has written what may be the most important book of the year *The Hill* What are the ranges and limitations of presidential authority What are the standards of truthfulness that a president must uphold What will it take to impeach Donald J Trump Professor Allan J Lichtman who has correctly forecasted thirty years of presidential outcomes answers these questions and more in *The Case for Impeachment* a deeply convincing argument for impeaching the 45th president of the United States In the fall of 2016 Allan J Lichtman made headlines when he predicted that Donald J Trump would defeat the heavily favored Democrat Hillary Clinton to win the presidential election Now in clear nonpartisan terms Lichtman lays out the reasons Congress could remove Trump from the Oval Office his ties to Russia before and after the election the complicated financial conflicts of interest at home and abroad and his abuse of executive authority *The Case for Impeachment* also offers a fascinating look at presidential impeachments throughout American history including the often overlooked story of Andrew Johnson s impeachment details about Richard Nixon s resignation and Bill Clinton s hearings Lichtman shows how Trump exhibits many of the flaws and more that have doomed past presidents As the Nixon Administration dismissed the reporting of Bob Woodward and Carl Bernstein as character assassination and a vicious abuse of the journalistic process Trump has attacked the dishonest media claiming the press should be ashamed of themselves Historians legal scholars and politicians alike agree we are in politically uncharted waters the durability of our institutions is being undermined and the public s confidence in them is eroding threatening American democracy itself Most citizens politics aside want to know where the country is headed Lichtman argues with clarity and power that for Donald Trump s presidency smoke has become fire [The Case for Impeachment](#) Dave Lindorff, Barbara Olshansky, 2025-09-23 The war in Iraq No bid contracts awarded to Halliburton Hurricane Katrina The CIA leak investigation The story gets worse and worse The evidence is glaring George W Bush s record as a president is abysmal And it s time to impeach him *The Case for Impeachment* lays out the reasons why in a straightforward letter of the law manner Mixing the cold hard facts with the lies and deceptions of this administration *The Case for Impeachment* is a serious consideration of Bush s high crimes and misdemeanors while in office This important and timely book will serve as a rallying cry for all those fed up with George W Bush s abuses of power It s time for the American people and Congress to act With so much at stake we have a president whose administration stands out in its criminality and disdain for the rule of law *The Case for Impeachment* explains the legal history and grounds for impeaching George W Bush and brings forth more than a half dozen articles of impeachment the likes of Lying and inducing Congress and the American people into an unjust war Allowing his friends and business cronies to profiteer off the war in Iraq Authorizing torture and rendition of prisoners of war and suspected terrorists a complete violation of the Geneva Conventions a treaty the U S has signed and is therefore part of our law Stripping American citizens of their Constitutional rights holding people with no

lays out President Trump's shocking pattern of betrayals, lies, and high crimes, arguing articles of impeachment to the ultimate judges: the American people. In his behind-the-scenes account of the attempts to bring the president to justice, from filing the very first legal actions against him through the Mueller report to the turbulent impeachment and trial to the president's ongoing wrongdoing today, Norman Eisen is at the forefront of the battle since the day of Trump's inauguration. He pulls back the curtain on the process. He reveals ten proposed articles of impeachment, not just the two that were publicly tried, all of which he had a hand in drafting. He then guides us through Trump's lifelong instincts that have dictated his presidency: a cycle of abuse, corruption, and relentless obstruction of the truth. Since taking the oath of office, Donald Trump has been on a spree of high crimes and misdemeanors, using the awesome power of the presidency for his own personal gain at the expense of the American people. He has inflamed our divisions for his electoral benefit with flagrant disregard for the Constitution that makes us America. Each step of the way, he has lied incessantly, including to cover up his crimes. And yet he remains in the country's highest office. Congress, federal and state prosecutors, and courts have worked to hold the president accountable for his myriad offenses, with some surprising successes and devastating failures. Eisen, who served as special counsel to the House Judiciary Committee for Trump's impeachment and trial, presents the case against Trump anew. Eisen's gripping narrative and rousing closing argument, at turns revelatory, insightful, and enraging, will inspire our nation of judges. History has proven that this president's nefarious behavior will continue, no matter the crisis. But as Eisen's candid retelling affirms, there is an ultimate constitutional power that transcends the president's—a power that can and must defeat him if our nation is to survive. The verdict of the American people remains in the balance. It is time for us to act.

Impeach Neal Katyal, Sam Koppelman, 2019 INSTANT NEW YORK TIMES BESTSELLER. Why President Trump has left us with no choice but to remove him from office, as explained by celebrated Supreme Court lawyer and former Acting Solicitor General Neal Katyal. No one is above the law. This belief is as American as freedom of speech and turkey on Thanksgiving, held sacred by Democrats and Republicans alike. But as celebrated Supreme Court lawyer and former Acting Solicitor General Neal Katyal argues in *Impeach*, if President Trump is not held accountable for repeatedly asking foreign powers to interfere in the 2020 presidential election, this could very well mark the end of our democracy. To quote President George Washington's Farewell Address: "Foreign influence is one of the most baneful foes of republican government." Impeachment should always be our last resort, explains Katyal, but our founders, our principles, and our Constitution leave us with no choice but to impeach President Trump before it's too late.

The Great Impeachment and Trial of Andrew Johnson, President of the United States Andrew Johnson, 1868. *The Case for Impeachment*, 1997. **The Case Against Impeaching Trump** Alan Dershowitz, 2018-07-09. A brilliant lawyer. A new and very important book. I would encourage all people to read President Donald J. Trump. Absolutely amazing. If you care about justice, read this book. Sean Hannity: Maybe the question isn't what happened to Alan Dershowitz. Maybe it's what happened to everyone else. Politico: Alan Dershowitz has been called one of the most prominent and

consistent defenders of civil liberties in America by Politico and the nation's most peripatetic civil liberties lawyer and one of its most distinguished defenders of individual rights by Newsweek Yet he has come under partisan fire for applying those same principles to Donald Trump during the course of his many appearances in national media outlets as an expert resource on civil liberties and constitutional law The Case Against Removing Trump seeks to reorient the debate over impeachment to the same standard that Dershowitz has continued to uphold for decades the law of the United States of America as established by the Constitution In the author's own words In the fervor to impeach President Trump his political enemies have ignored the text of the Constitution As a civil libertarian who voted against Trump I remind those who would impeach him not to run roughshod over a document that has protected us all for two and a quarter centuries In this case against impeachment I make arguments similar to those I made against the impeachment of President Bill Clinton and that I would be making had Hillary Clinton been elected and Republicans were seeking to impeach her Impeachment and removal of a president are not entirely political decisions by Congress Every member takes an oath to uphold the Constitution of the United States and the Constitution sets out specific substantive criteria that MUST be met I am thrilled to contribute to this important debate and especially that my book will be so quickly available to readers so they can make up their own minds
