

The Marshall Plan

- The United States wanted to help European nations recover from the war and become economically strong democracies. It also wanted to prevent Communists from continuing to gain power in Europe.
- The **Marshall Plan** was created in 1947 by U.S. Secretary of State George C. Marshall as a means to achieve these goals. According to the Marshall Plan, participating nations would design recovery programs and would receive financial aid from the United States.
- Seventeen Western European nations joined the plan, receiving a total of \$13 billion in aid.
