

Chess Opening Traps

Robert M. Snyder

Chess Opening Traps:

Modern Chess Opening Traps William Lombardy,1972 **Chess Openings: Traps And Zaps** Bruce

Pandolfini,2013-02-26 In the first completely instructional book ever written on chess openings National Master and game strategist for Netflix s The Queen s Gambit Bruce Pandolfini teaches players how to take charge of the game s crucial opening phase Of the three traditional phases of chess play the opening the middle game and the endgame the opening is the phase average players confront most often Unfortunately though many openings are not completed successfully partly because until now most opening instruction has consisted of tables of tournament level moves that offer no explanations for the reasons behind them Consequently these classical opening patterns can serve as little more than references to the average player In Chess Openings Traps and Zaps Bruce Pandolfini uses his unique crime and punishment approach to provide all the previously missing explanation instruction practical analyses and much much more The book consists of 202 short openers typical of average players arranged according to the classical opening variations and by level of difficulty Each example includes the name of the overriding tactic the name of the opening a scenario that sets up the tactic to be learned an interpretation that explains why the loser went wrong how he could have avoided the trap and what he should have done instead a review of important principles and useful guidelines to reinforce each lesson Also included are a glossary of openings that lists all the classical textbook variations for comparison and reference and a tactical index Chess Openings Traps and Zaps is a powerful pragmatic entry into a heretofore remote area of chess theory that will have a profound influence on every player s game **101 Chess Opening Traps** Steve Giddins,1998 The only thing more humiliating than losing a game quickly is to lose a game quickly to a known opening trap On the other hand the easy point scored by the trapper is a great confidence booster and allows the winner a good rest before the next game in a competition This book shows that no one should feel safe from an opponent armed to the teeth with cunning traps Steve Giddins who lived in Russia for a time has collected his material from a wide variety of sources some not normally available in the West **Savage**

Chess Opening Traps Bruce Albertson ,2018-06-01 Great for beginning and intermediate players who love challenges and are ready to learn the fundamental and tricky chess opening traps how to pull them off or how to avoid them Great for beginners ready to improve their game and intermediate players who love challenges readers learn the most fundamental and tricky chess opening traps and how to pull them off or to avoid them This book combines the correct way to play mistake free openings with the fundamental tactical tricks that belong in the arsenal of every chess player Packed tight with 649 diagrams and 217 opening traps this book is a perfect and painless way for beginning and intermediate players to learn the everyday mistakes made by amateurs and how to punish those that haven t learned these lessons Readers learn the traps for more than 40 opening systems table tr col br td padding 0px color windowtext font size 10pt font weight 400 font style normal text decoration none font family Arial sans serif vertical align bottom border medium none white space nowrap xl66
