**PHARMACEUTICAL JURISPRUDENCE Principles, Laws and Regulations** Mr. Durgesh S. Pagar ,Mr. Manoj J.

Jagtap, Mrs. Komal S. Mande, Mr. Kundan J. Tiwari, Dr. Kiran A. Suryawanshi, Pharmacy students can better understand the rules that affect their profession and the larger pharmaceutical business in India by studying pharmaceutical jurisprudence which is the basic study of the legal and regulatory frameworks governing pharmacy. With its clear student friendly presentation of key statutory instruments like the Drugs and Cosmetics Act, the Pharmacy Act, numerous pertinent regulations and supplemental legislations like the IPR provisions, this book is especially made to fit the updated syllabus of B Pharmacy according to NEP 2020 for Semester VI which is established by the Pharmacy Council of India. The material is clearly structured to support self study and improve conceptual clarity through the use of images, tables and chapter end questions and it is divided into five units and thirty sections. Each section's goal is communicated clearly to help readers grasp the learning objectives and make sure they comprehend the legislative and practical ramifications of pharmaceutical law. The writers sincerely thank the publishing team and their academic institutions for their steadfast support. Faculty librarians and co workers who provided resources and support during the book's preparation are especially acknowledged. Readers whether professionals, instructors or students are encouraged to provide constructive criticism so that subsequent versions can be improved. This book explains fundamental legal concepts in pharmaceutical practice giving pharmacy professionals and students the necessary legal knowledge to navigate regulatory compliance, protect patient safety and steer clear of legal pitfalls by presenting ethics and legislation in an understandable and straightforward manner.
