Amazon.com *Building Your Own Capsule Wardrobe* Pat Sgambati, 2021-08-24 Capsule wardrobes are about personal style but they are also a more mindful and sustainable way to think about clothing. Fast fashion and our consumerist culture have tricked us into believing that we must own everything and the result is a stuffed closet full of clothes that we may never wear. While capsule collections originally produced an air of exclusivity and a designer's artistic expression, most of the individuals who have now become capsule wardrobe experts got into the game because they are tired of decision fatigue and also because they want to be more sustainable. Capsule wardrobes push us to think more about whether we truly need each piece in our closet. Buy less, wear more, and find high quality that's the motto here. This guide will cover the most basic steps of creating a capsule wardrobe as well as the benefits of the idea. Items covered will include things that some may prefer to skip while others will spend a long time pondering how to best go about this, that, or the other. The perfect capsule wardrobe will change from person to person and no one can tell you otherwise.

Creating a Capsule Wardrobe Claire Collins, 2018-04-30 So many books about Capsule Wardrobes don't seem to address the real woman, those of us with jobs, families, and budgets. Those of us that can't afford to buy designer pieces and don't have a life where we would wear them but would still like to have our own capsule wardrobe that will work for us. *Creating a Capsule Wardrobe: A Guide For Real Women on Real Budgets* does just that. The first part of the book looks at defining your own personal style. It gives tips and ideas on identifying your look and helps you decide if it is suitable for your current life and life style. The second part of the book delves into the back of your wardrobe and helps you deal with all those hidden and ignored pieces that have been gathering dust. There is plenty of information on how to select the pieces you love and even a detailed how to sell online guide in the resources section at the back of the book. Most importantly, there is a detailed section on assessing and reassessing your capsule wardrobe, a technique that many books ignore. This section will help you decide if what you chose was right for you and will help you make adjustments if you decide they were not. The book also looks at other types of capsule wardrobes you might have like active wear, sleepwear, and underwear. It will show you how to use the same techniques to create a mini capsule within your wardrobe. At the end of each chapter, there is a chapter summary and activity suggestions to help you create your own capsule wardrobe. The final part of the book is a resource section. Here you will find blogs and websites that are mentioned in the book and a detailed guide to selling clothes online.
