Fit & Active Maureen K. LeBoeuf, Lawrence F. Butler, 2008 We all know the dilemma Kids are tuning in to TVs and video games and tuning out physical activity As a result kids are more overweight than ever More than half of the adult population in the United States are overweight and almost a third are clinically obese An obvious answer is to become and stay fit through regular physical activity The authors of Fit Active The West Point Physical Development Program know this and in response they developed a program at West Point the academy that's been educating U S military and political leaders for over 200 years Now you can use the West Point fitness program to meet the needs of your students Fit Active The West Point Physical Development Program is a practical ready to use resource that will help you inspire the kids under your charge to be more physically active It includes the following features The system that has worked for the authors in their West Point program along with detailed strategies for modifying their approach for various ages and environments Activities and ideas that have been reviewed by high school physical education teachers to ensure the suggestions are appropriate for high school students New ideas and information that will help you improve your program Assessment strategies to help you meet state and national physical education standards At West Point fitness is seen as a solid foundation for emotional and intellectual well being and as a way to help prepare students for a lifetime of health physical activity and success in the classroom and beyond With that in mind the authors focus on how to develop and assess your program in part I and in part II they provide core activity courses including basic movement swimming boxing self defense and obstacle courses that develop motor skills In part III they delve into wellness and personal fitness strategies workout designs assessments and related issues and in part IV they outline courses for lifetime activities such as tennis golf ice skating and rock climbing As a result you get a comprehensive resource that is easy to use well illustrated adapted for high school and appropriate for a variety of groups and one that will also help you meet state and national standards Along the way your students will learn leadership skills through sports and become motivated to make physical activity and fitness an integral part of their lives long after they leave school

High-Functioning Classrooms Mark A. Marchese, 2023-11-13 Instruction in the areas of professional organization planning and learning theory especially as it pertains to precluding student disciplinary issues has been diminished in most teacher preparation programs High Functioning Classrooms addresses those areas of concern by providing a rapid orientation based on decades of practical experience to ways in which a teacher can provide the structure and order which students crave and to work more efficiently Designed to improve the organizational planning and instructional delivery skills of PK 12 classroom teachers the approach and flow of the book takes classroom teachers through a chronological sequence of what to expect how to properly prepare for such expected events and how to learn from those experiences

*How To Student - how I graduated pharmacy school with honours - Reem* Reem, 2021-07-26 *How To Student how I graduated pharmacy school with honours* Reem This book is about my experience as a student My journey has included

many study sessions exams failures and successes I learned many things along my journey and some I had to learn the hard way Going through the motions of student life was tough at times lonely and most of all an invaluable learning experience It made me resourceful and able to offer my help to many students around the world As an Egyptian Pharmacy student living in Cairo I had to find a way to reach more students so I made a YouTube channel and a blog through which I've been sharing the lessons I learned as a student I later realised that it would be best if I wrote a book combining everything a student would need and make it available to students all over the world So this is exactly what this book is This book is based upon my own experiences but I presented what I learned in the form of bullet points and tips for other students to benefit from So feel free to try out the tips I'm sharing here and let me know how if they help you which I'm sure at least some of them will
