Literature Amar Nath Prasad,2007 *Critical Essays* Amar Nath Prasad,2003 Hope in the Dark Rebecca Solnit,2016-05-14 A landmark book Solnit illustrates how the uprisings that begin on the streets can upend the status quo and topple authoritarian regimes Vice A book as powerful and influential as Rebecca Solnit's *Men Explain Things to Me* her *Hope in the Dark* was written to counter the despair of activists at a moment when they were focused on their losses and had turned their back to the victories behind them and the unimaginable changes soon to come In it she makes a radical case for hope as a commitment to act in a world whose future remains uncertain and unknowable Drawing on her decades of activism and a wide reading of environmental cultural and political history Solnit argues that radicals have a long neglected history of transformative victories that the positive consequences of our acts are not always immediately seen directly knowable or even measurable and that pessimism and despair rest on an unwarranted confidence about what is going to happen next Now with a moving new introduction explaining how the book came about and a new afterword that helps teach us how to hope and act in our unnerving world she brings a new illumination to the darkness of our times in an unforgettable new edition of this classic book One of the best books of the 21st century *The Guardian* No writer has better understood the mix of fear and possibility peril and exuberance that's marked this new millennium Bill McKibben *New York Times* bestselling author of *Falter* An elegant reminder that activist victories are easily forgotten and that they often come in extremely unexpected roundabout ways *The New Yorker* The Writing of the Nation by Its Elite MK Raghavendra,2021-07-15 This volume examines the idea of India as it emerges in the writing of its anglophone elite post 2000 Drawing on a variety of genres including fiction histories non fiction assessments economic political and business travel accounts and so on this book maps the explosion of English language writing in India after the economic liberalization and points to the nation's sense of its growing importance as a producer of culture From Ramachandra Guha to William Dalrymple from Arundhati Roy to Pankaj Mishra from Jhumpa Lahiri to Amitav Ghosh from Amartya Sen to Gurcharan Das from Barkha Dutt to Tarun Tejpal this investigation takes us from aesthetic imaginings of the nation to its fractured political fault lines the ideological predispositions of the writers often pointing to an asymmetrically constituted India A major intervention on how postcolonial India is written about and imagined in the anglophone world this book will be of great interest to scholars and researchers of cultural studies literature history and South Asian studies It will also be of interest to general readers with an inclination towards India and Indian writing **The Fictional World of Arundhati Roy** Dr. R.
