Contemporary Uses of Technology in K-12 Physical Education Steve Sanders, Lisa Witherspoon, 2012-08-28 This volume of Educational Policy in the 21st Century addresses the growing use of technology in physical activity environments. It explores how technology can enhance both fitness and academic learning, countering the trend of inactivity and obesity among youth.

Fitness for Life Canada With Web Resources Guy C. Le Masurier, Charles B. Corbin, Kellie Baker, John Byl, 2017-01-17 Fitness for Life Canada: Preparing Teens for Healthy Active Lifestyles is the only health and fitness education program backed by research and focused on shifting teens from dependence to independence when it comes to lifelong healthy lifestyles. Through Fitness for Life Canada, students are engaged in the process of personal program planning for a variety of health behaviours, including physical activity, fitness, and health eating. This evidence-based and standards-based program follows a pedagogically sound scope and sequence to enhance student learning and progress and presents the science of healthy living at age-appropriate levels. Research clearly demonstrates that active and healthy adults use a variety of self-management skills to maintain their positive behaviours. Fitness for Life Canada helps students develop numerous self-management skills, such as self-assessment, self-monitoring, goal setting, finding social support, overcoming barriers, and managing time, to prepare them to independently engage in healthy lifestyles. Students also learn to engage in community physical activity opportunities with national sport and health organizations and with technology that supports healthy lifestyles. Through Fitness for Life Canada, students explore these aspects: The foundations of active and healthy living, including adopting healthy lifestyles and self-management skills and setting goals and planning personal programs; Learning the basics for lifelong activity and health, including engaging in smart and safe physical activity, knowing how much activity is enough, and understanding healthy eating; Beginning activity and building fitness, including participating in moderate and vigorous intensity physical activity and developing cardiorespiratory endurance; Building muscle fitness and flexibility, including understanding muscle fitness applications and ergogenic aids; Maintaining a healthy lifestyle, including achieving a healthy body composition, choosing nutritious foods, and making good consumer choices; Creating positive and healthy experiences, including managing stress, developing lifelong leadership skills, understanding reproductive and sexual wellness, and making wise choices regarding alcohol, drugs, and tobacco. Fitness for Life Canada has extensive teacher resources with more than 100 lesson plans, classroom and activity-based, that provide teachers with numerous options for student assessment and opportunities to demonstrate evidence of student learning, e.g., quizzes, tests, worksheets, student demonstrations, student projects. Teachers can integrate the program with existing curricula or deliver it as a stand-alone program. They can also apply our Fitness Club approach to deliver fitness education to large numbers of students using multiple activity areas. Teacher Ancillaries are available free with the adoption and purchase of a class set of the student text. Special Features in Chapters and Units: Every chapter in the student text features two classroom lessons, one feature that
