The Organic Pizza Dilemma Robin Haring, Thekla Wilkening, 2023-02-11 A POSITIVE BUT HONEST LOOK AT THE FUTURE AND OUR ROLE IN IT In today's climate crisis things need to change However in trying to save the whales and the rain forest it far too often seems like our choices are limited to buying sustainable and fair products But do we even know which of our products count as such Does the label organic on our pizza box truly mean that this is the right choice Or is it just another way to pressure us consumers in feeling like each of our choices will have a direct effect on the future of planet earth The authors show how navigating the current world of certified labels can often leave one feeling pressured frustrated and confused They help the readers find their own form of sustainable living that can be both enriching and fulfilling With its informed analysis of the current situation its practical tips and its helpful insights this book encourages the reader to live a more enjoyable and sustainable life After all what is good for the world is good for us all **Girl on Girl** Sophie Gilbert, 2025-04-29 A New York Times and Washington Post Notable Book Named one of the Best Books of the Year by TIME NPR Elle and The Boston Globe Searing rigorously researched but never stuffy Gilbert has compiled perhaps the first comprehensive examination of turn of the millennium mainstream cool kid trends and ephemera and how they were largely molded by those in power to sell a generation of girls and young women reality warping lies The New York Times So clear eyed that it's startling The Washington Post Entertaining and even energizing transforming a dismal history into something like a rallying cry The Boston Globe From Atlantic critic and Pulitzer Prize finalist Sophie Gilbert a blazing critique of early aughts pop culture What happened to feminism in the twenty first century This question feels increasingly urgent in a moment of cultural and legislative backlash when widespread uncertainty about the movement's power focus and currency threatens decades of progress Sophie Gilbert identifies an inflection point in the late 1990s and early 2000s when the energy of third wave and riot grrrl feminism collapsed into a regressive period of hyper objectification sexualization and infantilization Mining the darker side of nostalgia Gilbert trains her keen analytic eye on the most revealing cultural objects of the era across music film television fashion tabloid journalism and more What she recounts is harrowing from the leering gaze of the paparazzi to the gleeful cruelty of early reality TV and a burgeoning internet culture vicious toward women in the spotlight and damaging for those who weren't Gilbert tracks many of the period's dominant themes back to the rise of internet porn which gained widespread influence as it began to pervade our collective consciousness The result is a devastating portrait of a time when a distinctly American blend of excess materialism and power worship collided with the culture's reactionary puritanical and chauvinistic currents Amid a collective reconsideration of the way women are treated in public **Girl on Girl** is a blistering indictment of the matrix of misogyny that undergirded the cultural production of the early twenty first century and continues to shape our world today **Sex-Positive Criminology** Aimee Wodda, Vanessa Panfil, 2020-09-17 Sex Positive Criminology proposes a new way to think about sexuality in the fields of criminology and

criminal justice Sex positivity is framed as a humanizing approach to sexuality that supports the well being of self and others It is rooted in the principle of active and ongoing consent and it encourages perspectives that value bodily autonomy the right to access education and respect for sexual difference In this book the authors argue that institutions such as prisons schools and healthcare facilities as well as agents of governments such as law enforcement correctional officers and politicians can unduly cause harm and perpetuate stigma through the regulation and criminalization of sexuality In order to critique institutions that criminalize and regulate sexuality the authors of Sex Positive Criminology examine case studies exploring the criminalization of commercial sex and related harm at the hands of law enforcement experienced by those who sell sex They investigate sex education in schools reproductive justice in communities and institutions and restrictions on sexuality in places like prisons jails juvenile detention and immigrant detention facilities They look into the criminalization of BDSM practices and address concerns about young people s sexuality connected to age of consent and privacy violations The authors demonstrate how a sex positive perspective could help criminologists policymakers and educators understand not only how to move away from sex negative frameworks in theory policy and practice but how sex positive criminological frameworks can be a useful tool to reduce harm and increase personal agency Written in a clear and direct style this book will appeal to students and scholars in criminology sociology sexuality studies cultural studies criminal justice social theory and all those interested in the relationship between sexuality and the crimino legal system *All the Gold Stars* Rainesford Stauffer,2023-06-06 From journalist and author of *An Ordinary Age* an examination dismantling and reconstruction of ambition where burnout is the symptom of our holiest sin the lonely way we strive Ambition the want the hunger the need to achieve is woven into America s fabric from the first colonization to capitalism From our first gold star assignment to acceptance at the right college to hustle and grinding our lives we celebrate our drive even as we gatekeep who is permitted to strive and how visibly Even as we burn out When we can t even When we know work won t love us back *All the Gold Stars* looks at how the cultural personal and societal expectations around ambition are driving the burnout epidemic by funneling our worth into productivity limiting our imaginations and pushing us further apart Through the devastating personal narrative of her own ambition crisis Stauffer discovers the common factors driving us all peeling back layers of family expectations capitalism and self esteem that dangerously tie up our worth in our output Interviews with students parents workers psychologists labor organizers and more offer a new definition of ambition and the tools to reframe our lives around true success *All the Gold Stars* provides ways for us to reject our current reality and reconceive ambition as more collective imaginative and rooted in caring for ourselves and each other [How to Work Without Losing Your Mind](#) Cate Sevilla,2021-01-14 Genuinely empowering Daisy Buchanan An invaluable guide to surviving professional life Viv Groskop Comforting during these uncertain times Yomi Adegoke Award winning journalist and editor in chief Cate Sevilla has survived the messy stressy and sometimes bizarre world of work just In *How to Work Without Losing Your Mind* she gives an
