memories of their lives before the mountain begin to fade Paranoia quickly turns to violence among the crew and slithering ancient creatures pursue them in the snow Still as the dangers increase the mystery of the mountain compels them to its peak where they are certain they will find their answers Have they stumbled upon the greatest scientific discovery known to man or the seeds of their own demise Framed by the discovery of Harold Tunmore's unsent letters to his family and the chilling and provocative story they tell Ascension considers the limitations of science and faith and examines both the beautiful and the unsettling sides of human nature
