The Colour Of Magic Terry Pratchett, 2022-09-27 NAMED AS ONE OF THE BBC'S 100 MOST INSPIRING NOVELS It was octarine the colour of magic It was alive and glowing and vibrant and it was the undisputed pigment of the imagination Somewhere between thought and reality exists the Discworld a magical world not totally unlike our own Except for the fact that it travels through space on the shoulders of four giant elephants who in turn stand on the shell of an astronomically huge star turtle of course Rincewind is the world's worst wizard who has just been handed a very important job to look after the world's first tourist upon whose survival rests the peace and prosperity of the land Unfortunately their journey across the Disc includes facing robbers monsters mercenaries and Death himself And the whole thing's just a game of the gods that might send them over the edge If you've never read a Discworld novel what's the matter with you Guardian Pratchett uses his other world to hold up a distorting mirror to our own The Times The Colour of Magic is the first book in the Wizards series but you can read the Discworld novels in any order

The Discworld Graphic Novels Terry Pratchett, 2008-06-03 In a distant and second hand set of dimensions in an astral plane that was never meant to fly Imagine a flat world sitting on the backs of four elephants who hurtle through space balanced on a giant turtle The Discworld is a place and a time parallel to our own but also very different That is the setting for Terry Pratchett's

phenomenally successful Discworld series which now celebrates its twenty fifth anniversary The Discworld Graphic Novels presents the very first two volumes of this much loved series in graphic novel form First published fifteen years ago these fully illustrated versions are now issued for the first time in hardback Introduced here are the bizarre misadventures of Twoflower the Discworld s first ever tourist and possibly portentously its last and his guide Rincewind the spectacularly inept wizard Not to mention the Luggage which has a mind of its own

Sourcery Terry Pratchett,2009-10-13 Delightful logically illogical as only Terry Pratchett can write Anne McCaffrey Will the most unlikely hero in all of Discworld save the universe once again or has his luck finally run out in this wildly funny installment in Sir Terry Pratchett s internationally bestselling series a hilarious mix of magic mayhem and Luggage Once upon a time there was an eighth son of an eighth son who was of course a wizard As if that wasn t complicated enough said wizard then had seven sons And then he had an eighth son a wizard squared that s all the math really who of course was a source of magic a sourcerer Unseen University the most magical establishment on the Discworld has finally got its wish the emergence of a wizard more powerful than they ve ever seen But be careful what you wish for As the drastic consequences of sourcery begin to unfold it s up to one unlikely wizard to save them Rincewind has survived a string of

misadventures including falling off the edge of the world which is no mean feat when it's flying through space on the back of a turtle and held up by four elephants. Now he must take the University's most precious artifact, the very embodiment of magic itself, and deliver it halfway across the Disc to prevent a mathematically blessed sorcerer from leading the wizards to dominate all of Discworld.
