Pavel Machotka, Paul Cézanne, 1996-01-01 Study of the famous impressionist's landscape paintings Cézanne's Gravity  
Carol Armstrong, 2018-11-13 A transformative study freeing the artist from outdated art historical narratives and revealing his work as newly strange again Cézanne's Gravity is an ambitious reassessment of the paintings of Paul Cézanne 1839-1906. Whereas previous studies have often looked at the artist's work for its influence on his successors and on the development of abstraction, Carol Armstrong untethers it from this timeline, examining Cézanne's painting as a phenomenological and intellectual endeavor. Armstrong uses an interdisciplinary approach to analyze Cézanne's work, pairing the painter with artists and thinkers who came after him, including Roger Fry, Virginia Woolf, Albert Einstein, Maurice Merleau-Ponty, Rainer Maria Rilke, R.D. Laing, and Helen Frankenthaler. Through these pairings, Armstrong addresses diverse subjects that illuminate Cézanne's painting from the nonlinear narratives of modernist literature and the ways in which space and time act on objects to color sensation and the schizophrenic mind. Cézanne's Gravity attends to both the physicality of the artist's works and the weight they bear on the history of art. This distinctive study not only invites its readers to view Cézanne's paintings with fresh eyes but also offers a new methodology for art historical inquiry, one truly fitting for our time.

**Cézanne** Roger Fry, 2018-12-02. The late Roger Fry was an art critic of unequalled perception and influence. One of his missions was to work for a better understanding of the Impressionist school and above all to claim for Cézanne 1839-1906 the great place that was rightfully his. In *Cézanne* Fry wrote a critical analysis which in many aspects has never been surpassed. He achieved with conspicuous success a two-fold aim: to show the essential development of the painter's genius and to approach his work as it really is, as Fry himself words it, to detect the profound difference between Cézanne's message and what we have made of it. The result is a book couched in Fry's most lucid penetrating manner which is of great technical value to the painter and student and which offers to the layman an illuminating demonstration of the essential nature of Cézanne's art.
