

Creeping, crawling slowly on the ground,

Amazing colours all around.

Tiny legs that move so fast,

Eating leaves, they munch at last.

Resting in the heat from the sun,

Preparing for a day of fun.

Inside their chrysalis, snug and tight,

Looking different, in the light.

Later, out comes something new,

A beautiful butterfly, has flown through.

Ready to explore the sky so high.

Creeping, crawling slowly on the ground,

Amazing colours all around.

Tiny legs that move so fast,

Eating leaves, they munch at last.

Resting in the heat from the sun,

Preparing for a day of fun.

Origins Paul Copan, Douglas Jacoby, 2018-08-28 An excellent introduction to the challenges and benefits of reading Genesis 1 11 as a genuinely ancient specifically ancient Near Eastern text Iain Provon author of Seriously Dangerous Religion Origins turns much of what Christians learned in Sunday School on its head in a revealing comparison of the Genesis narrative to the competing pagan narrative of the day Relatively few Bible readers are familiar with the world of the ancient Near East centered in Mesopotamia and its most prominent city Babylon The culture literature religions geography etc of the early biblical period dramatically influenced what was written and why and without an understanding of these elements the purposes meanings and structure of the text are easily misread by modern readers and reduces the primeval narrative to a collection of Sunday School stories Origins while acknowledging the agendas of modern readers remains on track in expounding on the ancient agenda Paul Copan and Douglas Jacoby address the doubts of those who find stumbling blocks in early Genesis facing the tough questions head on and providing biblical solution to many of the problem passages Origins surprises and amazes all seekers new believers and veterans of Scripture alike as it devastates the polytheistic pagan assumptions and proclaims the true God A fine addition to the ever increasing library of books concerning Genesis One also hopes that this volume might be leveraged as an apologetics tool to help those looking for theistic viewpoints on Creation Dustin Burlet Conspectus This book can be a helpful apologetic and alternative view for those in the church who have only heard a literal approach to Genesis 1 11 and are looking for something different Renew org **The Preacher's**
