Kant, Race, and Racism Huaping Lu-Adler,2023 This is a pathbreaking book on how to talk about racism not only Kant s racism but also racism more generally It challenges the prevailing individualistic approach to Kant s racism and invites the reader to think about the issue in a more holistic thoughtful and transformative way Using Kant as a case study it shows that history is not just something to be read but something we still live with and that oftentimes we must see the past more clearly to bring about a better future Studies Columbia University. C, Philosophy** William Swan Sonnenschein,1910 *Academic Skepticism in Hume and Kant* Catalina González Quintero,2022-02-25 This book offers an unprecedented study of the influence of the skepticism of the New Platonic Academy on David Hume s and Immanuel Kant s critiques of metaphysics By demonstrating how the skeptical teachings of the Academy affected these authors Enlightened attacks on traditional metaphysics this book deepens and broadens the burgeoning scholarship on the role that the Ancients schools of skepticism played in the configuration of Modern skeptical outlooks It bolsters the newfound recognition that we must reconsider the conventional view that the revival of Pyrrhonism in the sixteenth and seventeenth centuries gave birth to Modern skepticism by incorporating the influence of Academic skepticism in the analysis Giving a new impetus to this line of research the author argues that Academic ideas and methods informed Hume s and Kant s critique of metaphysics in substantial and thus far unacknowledged ways Specifically she demonstrates the centrality of Academic skepticism to Hume s epistemology and critique of religion through a detailed analysis of his theory of belief in the Treatise and the first Enquiry as well as of its application in the Dialogues concerning Natural Religion Likewise her analysis reveals how Kant s anti metaphysical stance developed in the Transcendental Dialectic of the Critique of Pure Reason contains many skeptical insights of Academic inspiration bequeathed to him by Hume
