Fitzgerald, 2009-04-09 The definitive reference work on Augustine that scholars from all fields of theological study describe as superb and indispensable for students scholars libraries and anyone interested in studying Augustine While the work provides exhaustive resources on Augustine s own life and his theological and pastoral work it also provides an exceptional wealth of information about scholarship past and present on the great theologian Moreover it documents the influence of Augustine on the Catholic Church the Reformation and on great thinkers and theologians such as Kierkegaard Luther Erasmus and Calvin Topics range from archeology to martyrdom from imagination to Augustine s personal friends [Saint Augustine Through the Ages](#) Allan D. Fitzgerald, [The Spirituality of Saint Augustine](#) Gabriel Quicke, 2022-10-18 Augustine has put an important mark on later Christian thinking Moreover he composed a lot of writings more than eight hundred sermons some three hundred letters and a hundred works in which he unfolds his theological vision This book presents some basic thoughts on the spirituality of this great church father In different ways the author clarifies in which sense the spirituality of Augustine can be a breath of fresh air for our times The conversion experience that Augustine went through ultimately became the experience of a growing trust in God who first loved us Step by step Augustine unfolded Christ in his many sermons and writings as a humble physician mediator and shepherd Augustine developed a spirituality of togetherness inner life is intrinsically linked to community life and apostolate The spirituality of the Church as the Whole Christ is expressed in the loving care of the poor and vulnerable His lived experience of the value of friendship and hospitality the precious treasure of faith in Christ the humble Physician his concept of the Pilgrim Church and his vision of Mary the dignity of the earth remain invaluable for the twenty first century

Confessions of Love Craig J. N. De Paulo, 2011 Confessions of Love The Ambiguities of Greek Eros and Latin Caritas includes a collection of essays by internationally renowned scholars such as Phillip Cary Roland Teske and Leonid Rudnytsky tackling some historic controversial confessions of love Inspired by the Augustinian tradition this volume focuses on the ambiguous nature of love especially with regard to some of the conflicting aspects of Greek eros and its ancient Latin rival caritas in great thinkers like Augustine Thomas Aquinas Marsilio Ficino Freud and Max Scheler This volume will be of interest to humanities philosophy theology history and classics departments seeking a new way to approach the Western tradition through the historic controversy in the West over eros and caritas Finally its focus on the retrieval and disclosure of sensuality and eroticism in these great texts will also be of special interest to postmodernism and hermeneutics

Confessions Saint Augustine (of Hippo), 2006 Like the first Hackett edition of the Augustine's Confessions the second edition features F J Sheed's remarkable translation of this classic spiritual autobiography with an Introduction by noted historian of late antiquity Peter Brown New to this edition are a wealth of notes on literary philosophical biblical historical and liturgical topics by Michael P Foley an Editor's Preface a map a timeline paragraph numbers in the text a glossary and a thorough index The text itself has been completely reset with textual and explanatory notes placed at the foot of the page for easy reference

Patristic Sources and Catholic Social Teaching Brian J. Matz, 2008 The fact that over one hundred patristic sources may be found in the documents of Catholic social teaching CST would suggest that patristic sources have not been forgotten as the title to this book suggests Yet this study of every patristic source citation in twenty one CST documents since the late nineteenth century suggests that just such a conclusion should be drawn The CST documents in this study largely ignored the historical and literary contexts of the patristic sources and this had the concomitant effect of limiting appropriation of the fullness of their arguments In addition most of the patristic citations do not reflect the socio ethical concerns of the patristic authors themselves Even when the patristic citations supported related theological themes usually they were relegated to footnotes This is not a study of themes or of theologies in the CST documents nor is it a study of the cultural and historical forces at work in the arguments made by those who drafted them Rather it is a study of the rhetorical theological and or pastoral function of each patristic source citation in the CST documents In this respect each CST document stands on its own as a rhetorical tour de force For that reason the study

concludes with a vision for the fair use of patristic sources in future CST documents Humanities and Social Sciences
