

Multiple Choice Questions (MCQ) topic quiz

Cell division, cell diversity and cellular organisation

Instructions and answers for teachers

These instructions cover the learner activity section which can be found on [page 11](#).

This Lesson Element supports OCR AS and A Level Biology A (H020, H420) and Biology B (Advancing Biology) (H022, H422).

When distributing the activity section to the learners either as a printed copy or as a Word file you will need to remove the teacher instructions section.

The Activity

This Lesson Element is a teaching and learning resource containing 20 multiple choice questions (MCQs) on the theme of cell division, cell diversity and cellular organisation. Some questions might require synoptic thinking, using knowledge and ideas from various topics across the full A Level content.

This resource can be used to test and consolidate understanding at the end of a topic or to revisit and refresh knowledge at a later point in the course.

Introduction

Multiple choice questions allow rapid coverage of a wide range of sub-topics.

Contrary to a widespread belief among students, multiple choice questions are not necessarily easy – they can be easy, moderate or difficult.

The questions are written so that the incorrect answers are plausible distractors based on common errors or misconceptions.

The questions in this quiz cover topics mainly from specification section:

Biology A

2.1.6 Cell division, cell diversity and cellular organisation

Biology B (Advancing Biology)

3.1.1 The developing cell: cell division and cell differentiation

3.1.2 The developing individual: meiosis, growth and development.
