Errata Naturae:

Translation Flows Ilse Feinauer, Amanda Marais, Marius Swart, 2023-10-15 The genesis of this book was the 9th Congress of the European Society for Translation Studies held in Stellenbosch South Africa in September 2019 the first time the event took place outside Europe Living Translation People Processes Products was the Congress theme A common thread whether as a methodological or analytical basis as a descriptive framework or as a subject in itself was that of flows and the flowing nature of translation The contributions included here draw on a productive framework of networks and flows and foreground the inherent spatial and temporal diversity of Translation Studies Translation as a social practice is the golden thread throughout the volume not just translation in the conventional sense between languages and cultures but over artificial borders into new spaces between non traditional agents and actors and through various genres and mediums Chapters are clustered loosely based on the temporality of the topic under discussion Work on and from the Global North constitutes the first section and the second complements this by bringing the Global South into the picture as well This state of the art research will stimulate robust scholarly discussions as we map our way forward as a living discipline *Aesthetic Reason and Imaginative Freedom* María del Rosario Acosta López, Jeffrey L. Powell, 2018-10-01 Shows the relevance of Schiller's thought for contemporary philosophy particularly aesthetics ethics and politics This book seeks to draw attention to Friedrich Schiller 1759 1805 as a philosophical thinker in his own right For too long his philosophical contribution has been neglected in favor of his much deserved reputation as a political playwright The essays in this collection make two arguments First Schiller presents a robust philosophical program that can be favorably compared to those of his age including Rousseau Kant Schelling and Hegel and he proves to be their equal in his thinking on morality aesthetics and politics Second Schiller can also guide us in our more contemporary philosophical concerns and approaches such as phenomenology hermeneutics aesthetics and politics Here Schiller instructs us in our engagement with figures such as Walter Benjamin Michel Foucault Jacques Rancière Roberto Esposito and others **Padres y madres en serie** Visa Barbosa, Mariona (coord.), 2016-09-02 La tercera edad de oro de la ficción televisiva ha favorecido la proliferación de series de gran despliegue técnico y a la vez de narrativas que describen la intimidación y la rutina cotidiana de los protagonistas Son obras que nos presentan personajes alejados de la heroicidad representados a menudo dentro del espacio doméstico que ha pasado a ser un lugar clave para la descripción y evolución de los personajes Partiendo de la premisa que la ficción televisiva desarrolla una clara función de referencia y legitimación social creando estereotipos y modelos en los que los espectadores se identifican este libro analiza veinte de las series contemporáneas más populares reflexionando sobre el rol paterno y materno de sus protagonistas En algunas series se encuentran ejemplos que se alejan de la descripción de la familia patriarcal convencional Destacamos a la pluralidad de discursos que se están ofreciendo aunque también observamos que muchas de ellas a pesar de un envoltorio transgresor siguen reproduciendo roles que alimentan los valores familiares tradicionales Television Series as Literature

Reto Winckler, Víctor Huertas-Martín, 2022-01-19 This book explores how television series can be understood as a form of literature bridging the gap between literary and television studies It goes beyond existing adaptation studies and narratological approaches to television series in both its scope and depth The respective chapters address literary works themes tropes techniques values genres and movements in relation to a broad variety of television series while drawing on the theoretical work of a host of scholars from Simone de Beauvoir and Yuri Lotman to Ted Nannicelli and Jason Mittel and on critical approaches ranging from narratology and semiotics to empirical sociology and phenomenology The book fosters new ways of understanding television series and literature and lays the groundwork for future scholarship in a number of fields By questioning the alleged divide between television series and works of literature it contributes not only to a better understanding of television series and literary texts themselves but also to the development of interdisciplinary scholarship in the humanities Subjetividad salvaje: un ensayo filosófico para esculpir una rebeldía en la contemporaneidad Juan David

Almeyda, 2025-12-04 En Subjetividad salvaje Juan David Almeyda ofrece a modo de ensayo una mirada crítica al neoliberalismo sistema a partir del cual se ha configurado como modelo contemporáneo de subjetividad el homo oeconomicus En sus palabras propone como alternativa a partir de los postulados de Henry Thoreau y Michel Onfray una subjetividad salvaje que se contraponga al modelo hegemónico y contemporáneo de sujeto que ha impuesto el neoliberalismo En esta medida no se trata de describir los aspectos internos del mundo sumido en un capitalismo sino más bien de pensar en la posibilidad de proyectar un futuro en la capacidad creativa del pensamiento para salir de su adormecimiento y construir alternativas de un mejor porvenir o por lo menos diferente que aquel que ha instaurado el neoliberalismo Rescatar al sujeto y devolverle esa potencialidad crítica para buscar un mundo en el que el sujeto sea autor de su propia vida y no un actor más en el teatro económico que nos han instaurado Es así como la subjetividad salvaje propuesta constituye si bien no la solución definitiva sí una posibilidad que merece ser explorada *The Paracelsus of Robert Browning* Robert Browning, 1911
