

Appendix C: Templates for Traffic Management Plans

Appendix C contains three templates:

1. **Template for Category 1 Traffic Management Plan:** This template is designed to assist Project Supervisors and Traffic Control Supervisors in assessing traffic control factors and developing a site-appropriate Traffic Management Plan for a Category 1 project.
2. **Daily Sign Check Form:** This form is designed for recording information about the periodic sign checks carried out each day during the course of a project.
3. **Template for Category 2 and 3 Traffic Management Plans:** This template sets out a fundamental approach for organizing and developing Traffic Management Plans for Category 2 and Category 3 projects, and is designed to assist Prime Contractors and Ministry staff with the development and review of Traffic Management Plans for Category 2 and Category 3 projects.

As indicated throughout this Manual, the requirements for each project will vary with the characteristics of the traffic, the roadway, and the project itself, and with the contract provisions and conditions established by the Ministry for the Prime Contractor. Each Traffic Management Plan must reflect those project-specific characteristics, provisions, and conditions.
