Hillis Miller,1995-02-22 What line should the critic follow in explicating unfolding or unknitting passages How should the critic thread her or his way into the labyrinthine problems of narrative form from chapter I In this brilliant and engaging book one of America's leading literary critics explores the intricacies of narrative theory Using the image of Ariadne's thread which was given to Theseus to carry into the labyrinth so that he could find his way out J Hillis Miller traces out the line so often associated with narrative and writing in general In the process he illuminates the nature of literature as well as the nature of narrative Considering a wide range of texts from Western literature over the last two centuries in particular Meredith's *The Egoist* Goethe's *Elective Affinities* and Borges's *Death and the Compass* Miller explores the way rhetorical devices and figurative language interrupt break into delay and

expand storytelling He also illustrates these rhetorical disruptions of narrative logic in his own work In its four chapters about the role of line character interpersonal relationships and figurative language in narrative Miller s study encounters in its own language the problems it discusses as concepts and words are scrutinized for their diverse meanings and resonances Demonstrating that every narrative including this one about the nature of narrative has divergent lines and multiple motives and uses Ariadne s Thread tells its story and enacts its subject at the same time To Nietzsche: Dionysus, I Love You!

Ariadne Claudia Crawford,1995-01-01 This book explores the possibility that Friedrich Nietzsche simulated his madness as a form of voluntary death and thus that his madness functioned as the symbolic culmination of his philosophy The book weaves together scholarly mytho poetic literary critical biographical and dramatic genres not only to explore specifics of Nietzsche s madness but to question the reason madness opposition in nineteenth and twentieth century thinking A rational and scholarly study of this period of Nietzsche s breakdown presented through his writings letters and poetry in combination with relevant historical documents and other critics writings is simultaneously disrupted and questioned by several non traditional discourses or voices that break in on it Thus Ariadne s voice frames and unframes the research context and plays alongside it Ariadne s voice is poetic revelatory rhapsodic and prophetic sounding much like Nietzsche s own voice during his breakdown Ariadne s discourse attempts to seduce through a non rational mytho poetic love story which culminates in the wedding of Dionysus and Ariadne Other non rational discourses critically developed and based upon the work of Nietzsche Jean Baudrillard and Gilles Deleuze are given voice and work together with Ariadne to counter the usual interpretations of Nietzsche s madness and of what mad discourse is These discourses are given the names catastrophe phantasm and seduction The experiment of the book is not only to offer an entirely different perspective on Nietzsche s madness but to offer and perform new and challenging forms of affirmative discourse Ariadne Florentina: Definition of the art of engraving.
