Sample Book Insights

- 1 The Self Image is your key to a better life It is the result of the work and findings of clinical psychologists practicing psychiatrists and cosmetic or so called plastic surgeons
- 2 The self image is the mental blueprint or picture of ourselves that we carry with us It is our own conception of the sort of person I am We have built it up from our own beliefs about ourselves but most of these beliefs have unconsciously been formed from our past experiences
- 3 The self image can be changed It is impossible to really think positively about a situation if you hold a negative concept of your self If you can change your self conception your attitude towards the situation will change
- 4 Lecky used the same method to cure students of such habits as nail biting and stuttering He would have them identify with their mistakes and failures instead of saying I failed that test or I flunked that subject
