Vernor,2016-01-11 The devil hasn't always been depicted in art as we know him today From the Middle Ages through to the Renaissance and into modern times Satan has had many different incarnations in art Scholars say that no artistic representation of Satan was produced before the sixth century and was only made official by the Ecumenical Council of 553 From then on however and throughout the Middle Ages Satan's imagery was everywhere in manuscripts in paintings sculptures and architecture As Christianity grew and spread so did belief in the Devil who was blamed for illness accidents immoral behavior crop failures and natural disasters He was also said to be the leader of heretics enemies of the Church This beautifully illustrated book by E R Vernor details the history of artwork of the Devil with over two hundred woodcuts drawings and paintings and postcards from the earliest days of printing to the 1900s **Art of the Devil** Arturo
