

# Building a BUDGET

- IT'S A -  
**MONEY THING**

## CREATIVE CATEGORIES

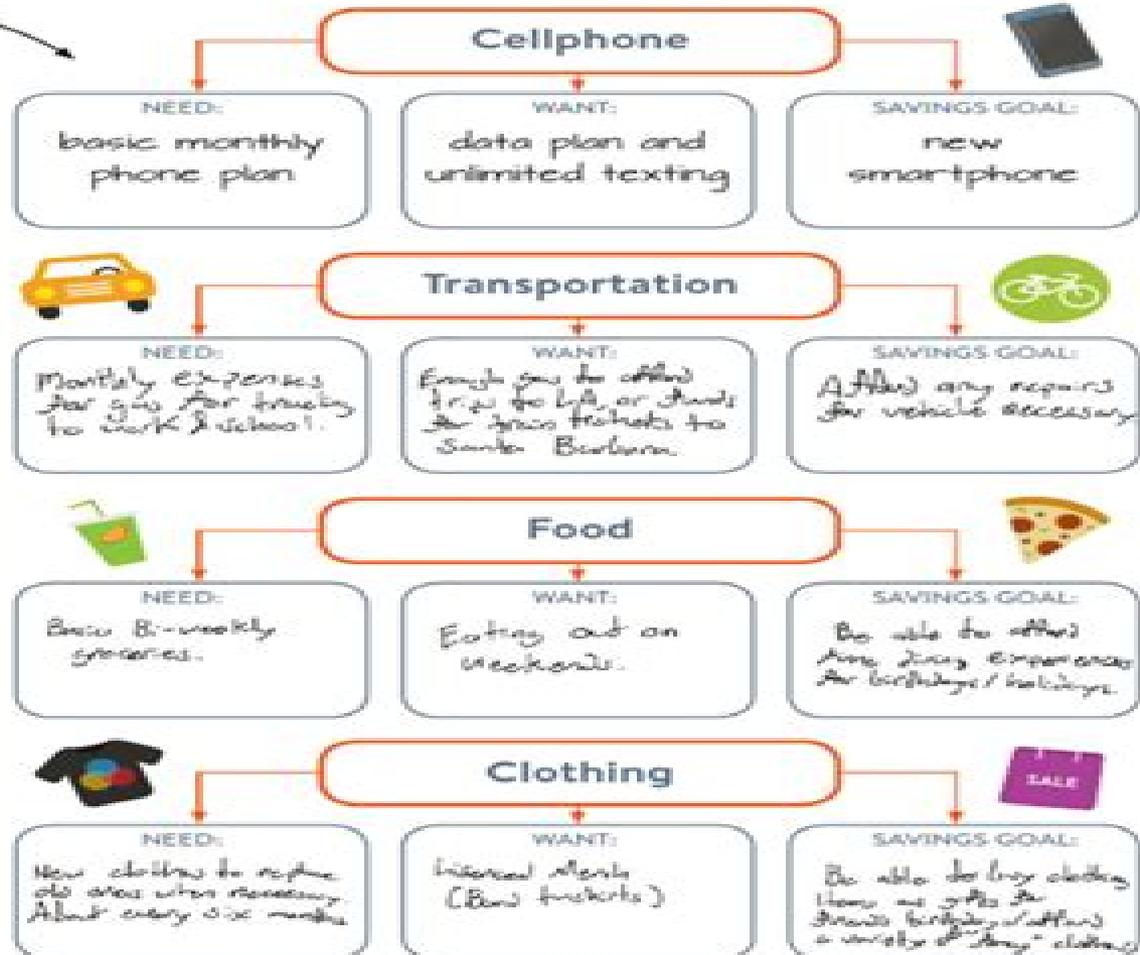

No two budgets are alike. The same expense—whether it's a book, a phone bill or a tank of gas—can mean different things to different people. To explore this concept, take a look at how even the simplest categories can be considered a **need**, a **want** and/or a **savings goal**.

**Activity:** For each budgeting category, write out an expense that could be considered a **need**, a **want** and a **savings goal**. The first category has already been filled out with an example.

## BUDGETING WITH 50/30/20

Start by calculating your **after-tax income** (what you make each month minus taxes and deductions). Limit your necessary expenses to **50%** of that after-tax income. **30%** is yours to spend on all the non-essentials. Set aside **20%** for your mix of savings and debt repayment goals.

**Follow-up Questions:** What other budget categories could you do this exercise with? Are there expenses in your budget that belong in a different category?
