[Modern World](#) Osman Bakar,2015-01-21 This book presents a thematic treatment of Islamic civilisation Each of the fourteen chapters comprising this book treats at least one of the major themes that are characteristic of this youngest religiously based civilisation of the world The author s thematic approach is primarily meant to promote a better appreciation of the living nature of Islamic civilisation The book s content provides ample evidence that Islamic civilisation is not merely a

passing historical phenomenon The various themes it discusses clearly demonstrate the continuing relevance of Islamic civilisation to the present and future humanity *Diversity and Unity in Islamic Civilization* Mirza Iqbal Ashraf,2017-03-17

An erudite and invaluable contribution to the philosophical religious political cultural and historical dynamism of the Islamic civilization ZARREEN AKBAR Scholar of Islamic Literature In this exceptionally impressive and brilliant book Mirza Ashraf rationally discusses and analyses the diversity and unity in Islamic civilization Addressing many contemporary issues of concern including terrorism he proves philosophically that Islam united different tribes races and nations within its civilization while keeping their socio cultural diversity intact In this process of cultural amalgamation Islam no more remained exclusively an Arab phenomenon It became a multi cultural transnational socio political and economic civilization The author of this illuminating book has shown an intrinsic picture of Islam which I believe could not be more timely Dr MOJAHID MIRZA author of Quagmire of Being and an Independent Journalist and Broadcaster stationed at Moscow

Beginning with its founder Prophet Muhammad Islamic civilization as a world religious cultural and political force with rich varied and abundant literature Mirza Ashraf has presented an insightful analysis of this civilization It progressed because of its universal human values with efforts to initiate progress in all fields of learning This book is a timely contribution to the present tension between Western and Islamic civilization It explicates that the strain of recent cataclysm is focused on Islam as a religion while its political and cultural aspects which are the core of its civilization are being ignored Dr MUHAMMAD HAFEEZ author of Human Character and Behavior The Mission and Destiny of Humankind and Who are the Believers
