**Attentat** Jeffrey Archer,1980      The Suicide Archive Doyle D. Calhoun,2024-09-13 Throughout the French empire from the Atlantic and the Caribbean to West and North Africa men women and children responded to enslavement colonization and oppression through acts of suicide In The Suicide Archive Doyle D Calhoun charts a long history of suicidal resistance to French colonialism and neocolonialism from the time of slavery to the Algerian War for Independence to the Arab Spring Noting that suicide was either obscured in or occluded from French colonial archives Calhoun turns to literature and film to show how aesthetic forms and narrative accounts can keep alive the silenced histories of suicide as a political language Drawing on scientific texts police files and legal proceedings alongside contemporary African and Afro Caribbean novels film and Senegalese oral history Calhoun outlines how such aesthetic works rewrite histories of resistance and loss Consequently Calhoun offers a new way of writing about suicide slavery and coloniality in relation to literary history      Das Attentat Graham Greene,H.B. cultural and political conditions behind the phenomenon of anarchist violence in Italy Looking at political assassinations in the 1890s they illuminate the public effort to equate anarchy s goals with violent overthrow Throughout Pernicone and Ottanelli combine a cutting edge synthesis of the intellectual origins milieu and nature of Italian anarchist violence with vivid portraits of its major players and their still misunderstood movement A bold challenge to conventional thinking Assassins against the Old Order demolishes a century of myths surrounding anarchist violence and its practitioners *Katalog der deutschen abtheilung der Öffentlichen bibliothek zu Detroit, Michigan* Detroit Public Library,1886 **The British Museum Catalogue of Printed Books, 1881-1900** British Museum. Department of Printed Books,1946 **Westermanns Monatshefte** ,1885 **The Invention of Terrorism in Europe, Russia, and the United States** Carola Dietze,2021-07-20 Terrorism s roots in Western Europe and the USA This book examines key cases of terrorist violence to show that the invention of terrorism was linked to the birth of modernity in Europe Russia and the United States rather than to Tsarist despotism in 19th century Russia or to Islam sects in Medieval Persia Combining a highly readable historical narrative with analysis of larger issues in social and political history the author argues that the dissemination of news about terrorist violence was at the core of a strategy that aimed for political impact on rulers as well as the general public Dietze s lucid account also reveals how the spread of knowledge about terrorist acts was from the outset a transatlantic process Two incidents form the book s centerpiece The first is the failed attempt to assassinate French Emperor Napol on III by Felice Orsini in 1858 in an act intended to achieve Italian unity and democracy The second case study offers a new reading of John Brown s raid on the arsenal at Harpers Ferry in 1859 as a decisive moment in the abolitionist struggle and occurrences leading to the American Civil War Three further examples from Germany Russia and the US are scrutinized to trace the development of the tactic by first imitators With their acts of violence the invention of terrorism was completed Terrorism has existed as a tactic since then and has essentially only been adapted through the use of new technologies and methods
