

Corporate Law 2011 Primary Exam

QUESTION 1 (15 Marks in Total)

The board of directors of the ASX-listed Axiom NL wants to make the company as 'takeover proof' as is legally possible. The company's managing director has sought your advice in relation to each of the following strategies.

(a) Axiom NL will form a wholly owned subsidiary, tentatively known as Security Pty Ltd. Axiom NL will then lend \$10m to Security Pty Ltd at a commercial rate of interest. Security Pty Ltd will use the funds to acquire shares in Axiom NL on the ASX. Security Pty Ltd will provide a fixed charge in favour of Axiom NL over the Axiom NL shares it acquires.

(6 marks)

Relevant Issues:

1 Does s 260 empower Axiom NL to financially assist Security Pty Ltd to acquire shares in Axiom NL? For the purposes of s 260A(1), Security Pty Ltd would be a 'person'. The provision of the loan would financially assist Security to acquire shares in Axiom. That is the purpose of the loan.

Given that the loan is to be secured and is to be at a commercial rate of interest, it is not obvious that it will materially prejudice Axiom or its shareholders for the purposes of s 260A(1)(a)(i). The fact that Axiom would contravene s 259B(1) in taking a fixed charge over its own shares does not necessarily mean that the interests of Axiom or its shareholders would be materially prejudiced. This is because the contravention would not affect the validity of the security: see s 259F(1)(a). Nor would Axiom be guilty of an offence: see s 259F(1)(b).

There is no evidence that the loan would materially prejudice Axiom's ability to pay its creditors for the purposes of s 260A(1)(a)(ii).

If, on the facts, the financial assistance would not be protected under s 260A(1)(a), the giving of it would be improper unless either s 260A(1)(b) or (c) applied. Of the exemptions in s 260C, only that in s 260C(2) might be available. However, that provision would only apply if:

- (a) Axiom's ordinary business includes providing finance; and
- (b) the finance was given in the ordinary course of that business and on ordinary commercial terms.

Axiom NL is a no liability company. It is required to have a constitution which states that its sole objects are 'mining purposes': s 112(2)(b). It is very doubtful that the envisaged loan to Security would be reasonably incidental to the achievement of any of the purposes in the s 9 definition of 'mining purposes'. Even if Axiom's ordinary business included providing finance for mining purposes, the loan to Security would

Australian Corporate Law Exam Questions And Answers
