shows how the foundation of the best that surrounds us today was laid then by men who thought and taught as well as designed Mr Pevsner has re evaluated certain phases such as Art Nouveau and given a new emphasis to some of the English architects of the 1880s and 90s and to such men as Charles Rennie Mackintosh and Frank Lloyd Wright The notes to the text provide an invaluable source of reference for the more serious student in the field Also included is a chart with the names and dates of the important architects and designers of the period covered by the book from book jacket

*Design History Beyond the Canon* Jennifer Kaufmann-Buhler, Victoria Pass, Christopher Samuel Wilson, 2019 *Design History Beyond the Canon* subverts hierarchies of taste which have dominated traditional narratives of design history The book explores a diverse selection of objects spaces and media ranging from high design to mass produced and mass marketed objects as well as counter cultural and sub cultural material The authors research highlights the often marginalised role of gender and racial identity in the production and consumption of design the politics which underpins design practice and the role of designed objects as pathways of nostalgia and cultural memory While focused primarily on North American examples from the early 20th century onwards this collection also features essays examining European and Soviet design history as well as the influence of Asia and Africa on Western design practice The book is organised in three thematic sections Consumers Intermediaries and Designers The first section analyses a range of designed objects and spaces through the experiences and perspectives of users The second section considers intermediaries from both technology and the culture industries as well as the hidden labour within the design process itself by way of patents The final section focuses on designers from multiple design disciplines including high fashion industrial design interior design graphic design and design history pedagogy The essays in all three sections utilise different research methods and a wide range of theoretical approaches including feminist theory critical race theory spatial theory material culture studies science and technology studies and art history *Design History Beyond the Canon* brings together the most recent research which reaches beyond the traditional canon and looks to interdisciplinary methodologies to better understand the practice and consumption of design

**Jugendstil Women and the Making of Modern Design** Sabine Wieber, 2021-10-21 *Jugendstil* that is Germany's distinct engagement with the international Art Nouveau movement is now firmly engrained in histories of modern art architecture and design Recent exhibitions and publications across the world explored *Jugendstil*'s key protagonists and artistic centres to firmly anchor their activities within the trajectories of German modernism Women however continue to be largely absent from these revisionist accounts *Jugendstil Women and the Making of Modern Design* argues that women in fact actively participated in the cultural and socio economic exchanges that generated German design responses to European modernity By drawing on previously unpublished archival material and a series of original case studies including Elsa Bruckmann's Munich salon the Photo Studio Elvira and the Debschitz School the book explores women's important contributions to modern German culture as collectors consumers critics designers educators and patrons This book offers a new interpretation of this vibrant period

by considering diverse manifestations of historical female agency that pushed against historically entrenched conventions and gender roles The book's rigorous approach reshapes Jugendstil historiography by positing women's lived experiences against dominant ideologies that emerged at this precise moment In short the book advocates women as an integral part of the emergence dissemination and reception of Jugendstil and questions the deeply gendered histories of this key period in modern art architecture and design

**A History of Interior Design** John F. Pile, 2005 Delivers the inside story on 6 000 years of personal and public space John Pile acknowledges that interior design is a field with unclear boundaries in which construction architecture the arts and crafts technology and product design all overlap

**Paul T. Frankl and Modern American Design** Christopher Long, 2007-01-01 A comprehensive view of the life work and ideas of one of the creative giants of modern American design Arriving in the United States in 1914 Viennese born Paul T Frankl 1886 1958 brought with him an outsider's fresh perspective and an enthusiasm for forging a uniquely American design aesthetic In the years between the two world wars he more than any other designer helped shape the distinctive look of American modernism This authoritative book draws on an extensive collection of unpublished documents and family papers and photographs to provide the first full account of Frankl's life and ideas The book also explores the history of modern American design and the extent of Frankl's influence on its trajectory In the early 1920s Frankl opened a New York City shop that became an epicenter of American modernism Over the next decades his work encompassed everything from individual pieces of furniture and decorative accessories to entire interiors and his style continuously evolved from early Skyscraper furniture to relaxed and casual designs favored by the Hollywood elite in the 1930s to manufactured pieces for the mass market in the 1950s The book charts the impact of Frankl's ideas on merchants and consumers on his fellow designers and on the changing look of American homes and workplaces With close to 170 illustrations Paul T Frankl and Modern American Design is an essential reference on 20th century design
