Why Sleep Hygiene Tips 2025:

The Stoic Habit Dr. Bob Robinson, 2026-01-06 What if the path to a meaningful life isn't about what happens to you but how you respond? Learn to master your mindset when it matters most. The Stoic Habit offers a practical pathway to developing the strength of character needed to handle any of life's challenges with wisdom and purpose. For centuries the greatest minds faced obstacles just like ours. From Marcus Aurelius's Meditations written amid war and plague to Epictetus's teachings on personal freedom despite being born into slavery to Musonius Rufus's practical lessons on ethical living, these ancient guides offer profound insights for today's challenges. Their wisdom isn't confined to philosophy classrooms but comes alive in the arena of daily life. This isn't another self-help book filled with quick fixes and empty promises. Instead, it's a practical framework for developing wisdom, mental strength, emotional intelligence, and unshakeable character through daily habits and proven practices. Master the mindset for handling life's most challenging moments. Find lasting calm and resilience through time-tested wisdom. Gain clarity and control over your emotions and responses to stress. Turn any obstacle into an opportunity for growth and learning. Create a life of purpose deeply aligned with your highest values. Build authentic relationships through principled action and trust. Through small, deliberate actions, you'll discover how to build the mental strength and character needed to handle anything life presents.

Mothing the Mother Shafia Monroe, 2026-01-27 A comprehensive exploration of postpartum traditions that emphasize the importance of nurturing mothers during their most vulnerable times. From traditional recipes to rituals, this book highlights sisterhood and the need for comprehensive care that honors both the mother and the newborn. From the foreword by Erykah Badu, five-time GRAMMY Award Winner, singer, songwriter, and holistic healer. As a mother, grandmother, and traditional midwife, Shafia M. Monroe intimately knows about childbirth and the fourth trimester. For over forty years, she's helped thousands give birth and has taught thousands more how to support birthing parents, all integrating the deep wisdom of African American healing traditions. Long suppressed by the white medical establishment, these practices such as belly binding, heat herbs, the lying-in period, and the taking out of bed ritual are powerful healing tools. Using them, we mother the mother through a healthy postpartum period. While this framework will be powerful healing for all mothers, the information in this book can save Black mothers' lives. With African American women disproportionately suffering from maternal mortality and morbidity, there is an urgent need for an embrace of African American postpartum care that surrounds the new mother and her baby with community love and protection. Mothing the Mother is a resource for Black women and communities to reclaim their cultural traditions for a healthy postpartum recuperation.

What Teachers Need Amanda Moreno, Jeanette Banashak, 2026 Most books on teacher well-being are about what teachers need to do, whereas this book specifies what teachers need from their supporters and settings to heal from the harms of their profession and thrive. What Teachers Need offers practical guidance to principals, district leaders, teacher educators, and professional development facilitators, all who create the conditions for K-12 teacher wellness.
