From the New York Times bestselling author of *The Leftovers* Darkly tender simply written tales about growing up in the
Garden State in the 1970s The New York Times Book Review The ten rich stories here span from 1969 to 1980 and are linked
by a single protagonist Buddy an adolescent suburban New Jersey boy who is truly seeing his world for the first time and
already finding it both mysterious and lacking Whether he s discovering that his mother actually knows and has a history
with the man inside the battered foam hot dog costume feeling the first glimmer that sex might actually be possible for him
or finding himself swept along on a prank gone very wrong Buddy is a recognizable and relatable American boy in this
collection by the author of *Tracy Flick Can t Win Mrs Fletcher* and *The Abstinence Teacher* among other novels *Bad Haircut*
explores the themes that have fascinated Perrotta throughout his career suburban rituals and mores sports and religion the
cheerful cheesiness of American consumer life public tests of manliness and the moral dilemmas faced by ordinary people
parents and teenagers alike So sharp and sure in its description of growing up Because this set of stories like those of J D
Salinger are so based in the kind of truth that spans generations no reference to a particular decade is needed Hartford
