Shumway,2023-10-10 Following up her best selling book Number Sense Routines Building Numerical Literacy Every Day in
Grades K 3 Jessica Shumway turns her focus to upper elementary classrooms Number Sense Routines Developing
Mathematical Understanding Every Day in Grades 3 5 is about tapping into every child s innate number sense and providing
daily connected experiences that are responsive to children s learning needs Consistent Daily Routines Work Adaptable to
any curriculum Shumway s 5 10 or 15 minute warm up routines are an easy and effective way to build and solidify students
number sense foundations as a supplement to any program Planning and Facilitating Your Classroom No matter how familiar
the routine Shumway provides insight on how to keep daily warm ups fresh She reveals careful thinking and planning that
goes into each routine and offers detailed vignettes and dialogues of how they unfold in real classrooms Assessment
Strategies As students engage in the process each routine becomes an exciting opportunity to gain insight into where they
are in their understanding and help students articulate their mathematical thinking Identify Big Ideas Not only will these
math routines help develop students mathematical understanding as they move towards using standard algorithms but
teachers will learn to better recognize the big ideas that emerge in discussions how to encourage important strategies based
in number sense and how to facilitate conversations on key mathematical concepts These routines may appear in other
places but I have never seen them written in such detail and with so many variations Although she makes what she does
sound easy we all know that teaching math well is anything but easy It is challenging and complex Unpacking what students
are saying helping them make connections not only to the math but to each other s ideas while simultaneously recording
their ideas using mathematical models visuals or equations is no easy task Jessica provides wonderful visuals examples of
student work and so much more to help educators develop the tools they need to improve their practice and in so doing
