Heinrich Himmler Peter Longerich:

Heinrich Himmler Peter Longerich, 2012-12-06 The first ever comprehensive biography of Heinrich Himmler SS Reichsführer Nazi Interior Minister and Chief of Police whose name has become a byword for the terror persecution and destruction that characterized the Third Reich

Hitler Peter Longerich, 2019 From one of the most prominent biographers of the Nazi period a new and provocative portrait of the figure behind the century's worst crimes Acclaimed historian Peter Longerich author of *Goebbels and Heinrich Himmler* now turns his attention to Adolf Hitler in this new biography While many previous portraits have speculated about Hitler's formative years Longerich focuses on his central role as the driving force of Nazism itself You cannot separate the man from the monstrous movement he came to embody From his ascendance through the party's ranks to his final hours as Führer in April 1945 Longerich shows just how ruthless Hitler was in his path to power He emphasizes Hitler's political skills as Germany gained prominence on the world's stage Hitler's rise to and ultimate hold on power was more than merely a matter of charisma rather it was due to his ability to control the structure he created His was an image constructed by his regime an essential piece self created of propaganda This comprehensive biography is the culmination of Longerich's life long pursuit to understand the man behind the century's worst crimes

Holocaust Peter Longerich, 2010-04-14 A comprehensive history of the Nazi persecution and murder of European Jews paying detailed attention to an unrivalled range sources Focusing clearly on the perpetrators and exploring closely the process of decision making Longerich argues that anti-Semitism was not a mere by-product of the Nazis political mobilization or an attempt to deflect the attention of the masses but that anti-Jewish policy was a central tenet of the Nazi movement's attempts to implement disseminate and secure National Socialist rule and one which crucially shaped Nazi policy decisions from their earliest days in power through to the invasion of the Soviet Union and the Final Solution As Longerich shows the disappearance of Jews was designed as a first step towards a racially homogeneous society first within the Reich later in the whole of a German dominated Europe

Female Administrators of the Third Reich Rachel Century, 2017-08-10 This book compares female administrators who specifically chose to serve the Nazi cause in voluntary roles with those who took on such work as a progression of established careers Under the Nazi regime secretaries SS Helferinnen female auxiliaries for the SS and Nachrichtenhelferinnen des Heeres female auxiliaries for the army held similar jobs taking dictation answering telephones sending telegrams Yet their backgrounds and degree of commitment to Nazi ideology differed markedly The author explores their motivations and what they knew about the true nature of their work These women had access to information about the administration of the Holocaust and are a relatively untapped resource Their recollections shed light on the lives love lives and work of their superiors and the tasks that contributed to the displacement deportation and death of millions The question of how gender intersected with Nazism repression atrocity and genocide forms the conceptual thread of this book

Hitler's People Richard J. Evans, 2025-11-18 Named a Best Book of the Year by Kirkus Reviews and Air Mail A

fascinating and instructive book elegantly written and perceptive Wall Street Journal Kaleidoscopic A fascinating exploration of individual agency that never loses sight of the larger context Just the kind of probing nuanced and unsparing study to help us think things through The New York Times Through a connected set of biographical portraits of key Nazi figures that follows power as it radiated from Hitler to the inner and outer circles of the regime s leadership one of our greatest historians answers the enduring question How does a society come to carry out a program of unspeakable evil Richard J Evans author of the acclaimed Third Reich trilogy and more than a dozen other volumes on modern Europe is our preeminent scholar of Nazi Ger many Having spent half a century searching for the truths behind one of the most horrifying episodes in human history in Hitler s People he brings us back to the original site of the Nazi movement namely the lives of its most important and representative members Working in concentric circles out from Hitler and his closest allies Hitler s People forms a typological framework of German society under Nazi rule from the top down With a novelist s eye for detail Evans explains the Third Reich through the personal characteristics and professional ambitions of its members from its most notorious deputies such as Goebbels the regime s propagandist and Himmler the Holocaust s chief architect to the crucial enforcers and instruments of the Nazi agenda that history has largely forgotten such as the schoolteacher Julius Streicher or the actress and film director Leni Riefenstahl Drawing on a wealth of recently unearthed historical sources Hitler s People lays bare the characters whose choices caused the deaths of millions Nearly a century after Hitler s rise the leading nations of the west are once again being torn apart by an untamed will to power By telling the stories of these infamous individuals as human lives Evans asks us to grapple with the compli cated nature of agency and complicity showing us that the distinctions between individual and collective responsibility and even between pathological evil and rational choice are never easily drawn

LGBTQI+ Persecution and the Holocaust Alexis Herr,2025-10-02 Gives voice to the experiences of LGBTQI persons prior to during and after the Holocaust showing how the Nazi regime instituted a violent oppressive and murderous attack on LGBTQI life culture and identity Hitler and the Nazis reign of power had dire and long lasting consequences for LGBTQI persons in Germany Europe and arguably the world This survey of key topics and themes within the greater landscape of Holocaust and genocide studies helps identify how deep seated prejudices against LGBTQI persons evolved into eliminationist ideology under the Nazis Entries consider the lives of the persecuted and the persecutors alongside examinations of the attitudes and ideas that shaped their present and prejudices in short how the German society at large came to condone and at times participate in the forceful arrest disappearance and murder of thousands of their fellow citizens Considering also the resistance movement profiles of key individuals tell the story of those who resisted the Nazi assault on LGBTQI persons A chronology of key events perspective essays primary sources and survivor testimony further help shed light on the resilience and resistance of the community and the evolution of their persecution under and after the Nazis

The Gestapo Carsten Dams,Michael Stolle,2014-05-22 The Gestapo was the most feared instrument of political

terror in the Third Reich brutally hunting down and destroying anyone it regarded as an enemy of the Nazi regime socialists Communists Jews homosexuals and anyone else deemed to be an anti social element Its prisons soon became infamous many of those who disappeared into them were never seen again and it has been remembered ever since as the sinister epitome of Nazi terror and persecution But how accurate is it to view the Gestapo as an all pervasive all powerful all knowing instrument of terror How much did it depend upon the cooperation and help of ordinary Germans And did its networks extend further into the everyday life of German society than most Germans after 1945 ever wanted to admit Answering all these questions and more this book uses the very latest research to tell the true story behind this secretive and fearsome institution Tracing the history of the organization from its origins in the Weimar Republic through the crimes of the Nazi period to the fate of former Gestapo officers after World War II Carsten Dams and Michael Stolle investigate how the Gestapo really worked and question many of the myths that have long surrounded it Hope and Fear Ronald H. Fritze,2022-04-18 A myth busting journey through the twilight world of fringe ideas and alternative facts Is a secret and corrupt Illuminati conspiring to control world affairs and bring about a New World Order Was Donald Trump a victim of massive voter fraud Is Elizabeth II a shapeshifting reptilian alien Who is doing all this plotting In Hope and Fear Ronald H. Fritze explores the fringe ideas and conspiracy theories people have turned to in order to make sense of the world around them from myths about the Knights Templar and the Ten Lost Tribes of Israel to Nazis and the occult the Protocols of Zion and UFOs As Fritze reveals when conspiracy theories myths and pseudo history dominate a society s thinking facts reality and truth fall by the wayside **Goebbels** Peter Longerich,2015-05-05 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE TELEGRAPH From renowned German Holocaust historian Peter Longerich comes the definitive one volume biography of Adolf Hitler s malevolent minister of propaganda In life and in the grisly manner of his death Joseph Goebbels was one of Adolf Hitler s most loyal acolytes By the end no one in the Berlin bunker was closer to the F hrer than his devoted Reich minister for public enlightenment and propaganda But how did this clubfooted son of a factory worker rise from obscurity to become Hitler s most trusted lieutenant and personally anointed successor In this ground breaking biography Peter Longerich sifts through the historical record and thirty thousand pages of Goebbels s own diary entries to provide the answer to that question Longerich the first historian to make use of the Goebbels diaries in a biographical work engages and challenges the self serving portrait the propaganda chief left behind Spanning thirty years the diaries paint a chilling picture of a man driven by a narcissistic desire for recognition who found the personal affirmation he craved within the virulently racist National Socialist movement Delving into the mind of his subject Longerich reveals how Goebbels s lifelong search for a charismatic father figure inexorably led him to Hitler to whom he ascribed almost godlike powers This comprehensive biography documents Goebbels s ascent through the ranks of the Nazi Party where he became a member of the F hrer s inner circle and launched a brutal campaign of anti Semitic propaganda Though endowed with near dictatorial control of the media

film radio press and the fine arts Longerich's Goebbels is a man dogged by insecurities and beset by bureaucratic infighting. He feuds with his bitter rivals Hermann Göring and Alfred Rosenberg unsuccessfully advocates for a more radical line of total war and is thwarted in his attempt to pursue a separate peace with the Allies during the waning days of World War II. This book also reveals as never before Goebbels's twisted personal life, his mawkish sentimentality, manipulative nature, and voracious sexual appetite. A harrowing look at the life of one of history's greatest monsters, Goebbels delivers fresh insight into how the Nazi message of hate was conceived, nurtured, and disseminated. This complete portrait of the man behind that message is sure to become a standard for historians and students of the Holocaust for decades to come. Praise for Goebbels: Peter Longerich has delved into rarely accessed material from his subject's diaries which span thirty years to paint a remarkable portrait of the man who became one of Hitler's most trusted lieutenants. *The Daily Telegraph*. Praise for Heinrich Himmler: There have been several studies of this enigmatic man, but Peter Longerich's massive biography, grounded in an exhaustive study of the primary sources, is now the standard work and must stand alongside Ian Kershaw's *Hitler*, Ulrich Herbert's *Best*, and Robert Gerwarth's *Hitler's Hangman: The Life of Heydrich* as one of the landmark Nazi biographies. As the author of a celebrated study of the Holocaust, Longerich is better able than his predecessors to situate Himmler within the vast machinery of genocide. And he brings to his task a gift for capturing those mannerisms that are the intimate markers of personality. *London Review of Books*. An excellent and comprehensive biography. *The New York Review of Books*. *The Conquest of Ruins*. Julia Hell, 2019-03-19. The Roman Empire has been a source of inspiration and a model for imitation for Western empires practically since the moment Rome fell. Yet as Julia Hell shows in *The Conquest of Ruins*, what has had the strongest grip on aspiring imperial imaginations isn't that empire's glory, but its fall, and the haunting monuments left in its wake. Hell examines centuries of European empire building, from Charles V in the sixteenth century and Napoleon's campaigns of the late seventeenth and early eighteenth centuries to the atrocities of Mussolini and the Third Reich in the 1930s and 40s, and sees a similar fascination with recreating the Roman past in the contemporary image. In every case, particularly that of the Nazi regime, the ruins of Rome seem to represent a mystery to be solved: how could an empire so powerful be brought so low? Hell argues that this fascination with the ruins of greatness expresses a need on the part of would-be conquerors to find something to ward off a similar demise for their particular empire. [Himmler's Crusade](#). Christopher Hale, 2003. In 1938, on the eve of war, a Nazi expedition set out through British India on a mission sponsored by Himmler himself. Their aim was to find the roots of the Aryan people high in the sacred mountains of Tibet. It was led by two complex individuals: one Ernst Schäfer, a swashbuckling naturalist who was using the Nazis to pursue his own ends; the other Bruno Beger, so committed to the cause he ended up conducting experiments on prisoners in Auschwitz. The expedition quickly found itself battling hostility from the British, being manipulated by the Tibetans, and struggling with the primitive conditions of Lhasa. Every step was recorded in diaries, letters, and reports back to Delhi and London by the suspicious British.

and to Berlin by the Germans It was also documented in masses of extraordinary photographs many of which are reproduced here [The Literary Review](#) ,2011 *Los científicos de Hitler.
