## LECTURE NOTES

### Introduction

#### **Sociology: The science of society**

August Comte the French philosopher, commonly regarded the father of sociology, used the term 'Sociology' in 1839, for a body of knowledge, concerned with social behaviour and social institutions. August Comte named the field of study from two words, Latin word 'Socius' means society and Greek word 'logos' means study or science. So etymological meaning of Sociology is the science or study of society, that is, the web of human interactions and interrelationships. Sociology is the youngest of all social sciences. It joined the family of social sciences when it was recognized that the other social sciences failed to fully explain man's social behaviour.

#### **Rural Sociology**

Rural Sociology is a specialized field of sociology. It is the study of life in rural environment, which systematically studies rural communities to discover their conditions and tendencies to formulate the principles of progress.

It is limited to various aspects of rural society in the study of rural social relationships.

#### **Definition of Rural Sociology**

According to **F. Stur** the sociology of rural life is a study of rural population, rural social organization and the social processes operative in rural society.

According to **Desai (1978)**, Rural Sociology is the **science** of rural society.

So, it is clear that rural sociology is related to the organized and scientific study of the life of rural people and their personal inter-relationships.

### IMPORTANCE OF RURAL SOCIOLOGY

It is the rural sociology which provides this knowledge and understanding about the sociology vis-à-vis rural social system in which he lives.

It helps in identifying the groups, individuals, organizations and leaders.

Rural sociology is the scientific study of rural man's behavior in relationship to other groups and individuals with whom he interacts.

Rural sociology studies the attitude and behaviour of rural people.

Rural sociology studies the needs and interests of rural society.

Rural sociology analyses rural social relationship or group or organization and leaders in rural areas.

Rural sociology studies social situations and collects social facts of rural society.
