WunderKeys Intermediate Pop Studies for Piano 1 Trevor Dow,Andrea Dow,2019-04-13 WunderKeys Intermediate Pop Studies For Piano 1 is jam packed with pop infused piano studies Get ready for a cool workout in the keys of C Major A Minor G Major E Minor F Major and D Minor as your students turn technical exercises into powerful pop music As piano students get older traditional method books become less and less appealing Teenagers are eager to skip skill building exercises to get to the music After all technical exercises rarely appeal to the musical tastes of teens But skipping over scale practice rhythm work improvisation and sight reading hampers their musical development slows their progress and ultimately leaves them frustrated This inevitably leads to a lose lose situation for piano teachers allowing teens to skip technical exercises delays their progress while forcing teens to play technical exercises creates frustration So we decided to turn this struggle into a win win With WunderKeys Intermediate Pop Studies For Piano 1 A Pop Infused Lesson Companion To Reinforce Scales Chords Triads and Left Hand Patterns we ve created a resource that transforms exercise based repertoire into motivating pop piano studies Your teen students will become skillful players because they want to practice exercise based repertoire not because they have to practice exercise based repertoire The first 10 15 minutes of their lessons will be transformed from sit and drill to make awesome music as your teens gain comfort in a variety of key signatures and internalize the fingering patterns and hand shapes needed to become fluent intermediate pianists "Pop" Piano Course, Book 1 John W.
