WordPress for Beginners 2020 Dr Andy Williams, 2019-12-18 Master WordPress using our proven step by step visual
approach over 340 screenshots This book is a major new release for 2020 covering the latest version of WordPress If major
changes do occur to WordPress during 2020 you can visit our updates web page for details so your copy of the book is always
up to date Building a beautiful professional looking WordPress website or a blog is no longer the domain of computer geeks
WordPress makes it possible for anyone to create and run a website that looks great on any device PC Mac tablet and phone
Whether you want to build a business site an affiliate site a hobby site or a blog WordPress is a great choice The primary goal
of this book is to take anyone even an absolute beginner from zero to WordPress guru in a few short hours Inside this book
veteran WordPress expert Andy Williams will start at the very beginning You ll learn important topics like The two different
versions of WordPress Website hosting and domain registrars How to set this up the correct way How to install WordPress
An overview of the Dashboard Cleaning out the stuff that is installed by default Finding and installing WordPress themes to
instantly change the look and feel of your website Plugins What they are and how you can use them to create magnificent
websites How to update WordPress themes and plugins Understand every single Dashboard setting and use our defaults if
you want How to find and use the RSS feeds on your site to help search engines find your content The importance of user
profiles and how to assign a Gravatar image to your email address How to create great navigation systems on your site with
custom menus internal linking and related post sections Enabling and dealing with visitor comments Using the media library
for images video and more The difference between pages and posts and when to use each one Effective use of categories and
tags Using these incorrectly can get your site penalised or even banned from search engines How to create content using
both the Classic editor and the new Gutenberg editor How to publish posts and even schedule them so they will be published

at some future date Using post revisions Two different types of homepage A blog style page v a more traditional static homepage Using widgets on your site to add neat features Types of sites you can build with WordPress blog business typical site with videos on setting these up We ll also cover those vital plugins every site need including Automatically take backups and get them sent to the cloud Automatically create important legal pages on your site like terms and privacy policy Creating a contact page so visitors can contact you Add a related posts section to the end of every post to keep visitors on site longer Setup good SEO practices Setup social sharing buttons on your site so visitors can easily tell their friends about your great web pages Most people learn better when they can actually see what they are reading about so one thing this book isn t is shy with screenshots There are over 340 of them showing you exactly what you will see on your screen and prompting you to take specific actions as you learn and master WordPress You may have heard that WordPress has a steep learning curve With this book you won t even notice it Each chapter ends with a Tasks to Complete section By completing these tasks you ll not only become proficient with WordPress you ll become confident at using WordPress By the end of the book you ll be building great looking professional WordPress websites that look fantastic on any device And you ll enjoy doing it
