This comprehensive guidebook to EuroVelo route 15 offers a detailed stage-by-stage description of the 1368km route along the Rhine, one of Europe's great rivers passing through six countries on its way from Switzerland to the North Sea. The cycling is easy downhill and along dedicated cycle lanes; the countries visited are very cycle-friendly, and the waymarking is excellent. The whole trip can be completed in two weeks by a fit cyclist. The guide includes plenty of information to help you plan your trip, with advice on travel, accommodation, and facilities. The full route is presented in 27 stages of 32-68km, with step-by-step route descriptions, 1:100,000 mapping, and notes on local points of interest. A facilities table, glossary, and list of useful contacts can be found in the appendices. Starting in the Swiss Alps with high mountains, deep glacial valleys, and gorges, the route soon reaches Europe's third largest lake, the Bodensee, and its greatest mainland waterfall. After Basel, the Rhine becomes a broad river, now the world's busiest river trading artery. The middle Rhine between Bingen and Koblenz forces its way through the narrow, rocky Rhine gorge, lined by romantic castles perched above Germany's finest vineyards. Finally, the river passes through low-lying Holland, famed for its many flood dykes and windmills.
