The Thief And The Dogs:

The Thief and the Dogs Naguib Mahfouz, 2016-06-15 Naguib Mahfouz's haunting novella of post-revolutionary Egypt combines a vivid psychological portrait of an anguished man with the suspense and rapid pace of a detective story. After four years in prison, the skilled young thief Said Mahran emerges bent on revenge. He finds a world that has changed in more ways than one: Egypt has undergone a revolution, and on a more personal level, his beloved wife and his trusted henchman who conspired to betray him to the police are now married to each other and are keeping his six-year-old daughter from him. But in the most bitter betrayal, his mentor Rauf Ilwan, once a firebrand revolutionary who convinced Said that stealing from the rich in a unjust society is an act of justice, is now himself a rich man, a respected newspaper editor who wants nothing to do with the disgraced Said. As Said's wild attempts to achieve his idea of justice badly misfire, he becomes a hunted man, so driven by hatred that he can only recognize too late his last chance at redemption. THE THIEF AND THE DOGS MAHFOUZ NAGUIB, 2015-04-30 **Thief and the Dogs** Naguib Mahfouz, 1976 First published in 1961, this novel by a Nobel Prize-winning author tells the story of a man who blames an unjust society for his ill fortune. Brown, 2015 A Thief who was trying to steal a rear statue was stop by a vicious persistent Dog **THE THIEF'S DOGS** Metin Yazar, Protecting people's lives, safety, and mental health is one of the basic requirements of the rule of law. This requirement covers protecting both the physical safety and psychological health of individuals. Personal security can be ensured by eliminating external and internal threats and eliminating all kinds of attempts and uncertainties that disturb the person's peace in the legal sense. If a person has committed a crime, the punishment for this person is determined only within the framework of the law and through the courts. Under the rule of law, a person cannot be sentenced to any punishment other than due process and cannot be constantly threatened by the same crime. This means there should not be a constant threat like a sword of Damocles hanging over the head. One of the basic principles of law is that a person should not be tried for the same act a second time and should not be sentenced to punishments other than the sentence imposed. This principle is also known as *ne bis in idem* (not twice the same) and forms an important part of the rule of law. Thanks to this principle, the legal security of individuals is ensured, and arbitrary trials are prevented. Hyenas of July 15: When hundreds of thousands of people were caught and imprisoned in the Erdoğan Coup on July 16, 2016, not a single one of them was guilty according to existing laws.

Such a massacre was enforced under the conditions of a state of emergency Erdoğan decelerated that and ignoring the laws As a result the militant prosecutors prepared indictments for a crime that did not exist militant judges held a perfunctory trial and the execution of harsh sentences was ever not within the framework of the law Prisons were turned into dungeons which meant the figurative meaning of the prison A dungeon means a room or cell where prisoners are kept especially underground and is generally associated with Medieval Castles It means places that are tyrannized In the period of Erdoğan in the dungeons of Turkey we have seen all kinds of lawlessness and ill treatment in conformity with the spirit of the dungeon concept He unleashed his hyenas on us and tore our flesh to shreds The one who is the head of state and his officials who were his dogs were extremely cruel to us While they recklessly presented all kinds of ill treatment even the DHKP C PKK and ISIS prisoners held in the next wards took pity on us Does ever an atheist militant pray like that May God not put anyone in your situation I witnessed him doing so myself In addition to physical torture and torture psychological torture methods were also used One of these methods was to show propaganda films that insulted us and our thinking Even if a person's brain were the size of a fig seed and his/her mind the size of a strand of hair a conscientious person would never believe the so called July 15 Coup in Turkey Through a finely tuned so called military uprising on 15 July 2016 Erdoğan committed a massacre by making a real his coup on 16 July 2016 Feature films and documentaries on the so called July 15 coup were made The guards took us into groups of ten to watch these films and documentaries The Thief's Dogs Some time a guard was taking our friends to the tank in a single file We encountered them in one of the long corridors of the dungeon I was at the front of our group and I knew the guy at the front of the line coming from the other side As I approached him I slowed my steps and asked an ironical question in a low voice What's up From where My friend said They took us to watch The Thief's Dogs that's where we came from I was pretty down until then But this message with the syntax The Thief's Dogs given by my friend lifted my spirit a little That is even if they took to other propagandized films every day these people who are travelers of the Way of Truth would never attend outlaw gangs and they would go on walking their beliefs So even if they took them to see a different propaganda film every day these people who are on the path of truth would never join this gang of lawless people with oppression and propaganda and would continue to walk on the path they believe in even at the cost of enduring a great many hardships This syntax of my friend revolved in my mind for days Eventually it turned into a book idea This idea emerged in novel form during the prison days But it was not possible to write this novel The captivity ended for me and while I was living a difficult life semi free under the sword of Damocles again I penned some articles I collected these articles the content of which is per the phrase Thieves Dogs under the same name Indeed defining the actions of this mob in question who has ruined the lives of hundreds of thousands of people as theft and their description as dog would be insufficient However out of respect for the reader I have contented myself with this for now
