**Hallucinating the End of History** Eric Cunningham, 2007 This monograph explores and describes the historical continuities and relationships between 20th c Zen Buddhism the postwar psychedelic movement and postmodern eschatology In general terms and this is a rich complex study the work is a critique of modernization theory as a way of viewing history and suggests the modern epoch like the Greco Roman world before it will only end when the modern world ends Accordingly many postmodern movements seek to end modernity through violent action Germany and Japan in WW11 etc while others seek to bring to an end modern consciousness e.g the psychedelic movement which posed a major historical challenge to bourgeois morality values and modes of experiencing space and time The core of the study is a critique of the historical philosophy of Japan's greatest modern philosopher Nishida Kitaro and in particular his historical eschatology Cunningham examines the Zen based metaphysics of Nishida's thought and links this to historical resonances between the philosopher 20th c Zen Buddhism The West's leading theorist DT Suzuki was a friend of Nishida and the psychedelic New Age movement which as sought to achieve authentic experience outside of history History and Ideas Series No 2 This work is a valuable addition to research library collections that focus on Japan 20th alternative movements Zen and

or the philosophy of history Dr Elizabeth Koda *The Future of the Self* Walt Anderson,1997 Nothing in our world seems more obvious real and commonsensical than the idea of self This book is a fascinating examination of our assumptions about the deceptively simple concept of self of the many ways those assumptions are now being challenged and of the possible new ways of being that may arise in their place *Manhood in the Age of Aquarius* Tim Hodgdon,2008 Manhood in the Age of Aquarius investigates how a deep commitment to the belief in the naturalness of masculinity shaped the efforts of American hippies to create economic social political institutional religious and environmental alternatives to their received culture during the 1960s and 1970s Their efforts to create such alternatives informed the creation of a range of new forms of masculinity Timothy Hodgdon compares two sharply contrasting hip communities The Farm and the Diggers later known as the Free Families The Farmies argued that industrial progress had encouraged a dangerous hypermasculinity in men and a corresponding devaluation of women s fertility and capacity for maternal nurture Only through veneration of women s beautiful yin could humankind return to the path of enlightenment charted by Buddha Jesus and other sages and men were to cultivate a knightly masculinity of egoless service to women within lifelong monogamous marriages The anarchist Diggers reached the opposite conclusion that progress had effeminized the organization man while brutalizing the respectable working class men who served his interests as wage worker policeman and soldier The Diggers sought to uproot the alienating status hierarchy mandated by private property Their theater of the streets valorized the manliness of the outlaw the Native American warrior the Black Panther the bohemian artist and the Chinese tong member who forcefully defended his freedom from the depredations of unjust authority while practicing the communistic sharing of wealth that they believed was a mark of honor among those slandered as thieves Thus Hodgdon argues the Farmies and the Diggers occupied widely separated positions on a continuum of countercultural manhood Their divergent criticisms demonstrate that the shift from producerist to consumerist conceptions of manliness was still by no means complete at mid century Furthermore hippies unabashed commitment to masculinity as a natural trait rather than a political and social construct shows how even these incisive and at times impish critics of American culture stood utterly unprepared for the emergence of radical feminism in 1967 and 1968 The Brewpub Explorer of the Pacific Northwest Hudson Dodd,1996 Let this fully updated edition of The Brewpub Explorer be your companion as you discover the multitude of microbreweries in the Pacific Northwest It contains everything you need to find the little known brewpubs as well as the famous ones Stop wondering where the beer flows freely and start wandering the region with the most breweries per capita outside of Europe Book jacket Judaism and Drugs Leo Landman,1973 *ICSSR Journal of Abstracts and Reviews* ,1983 *Rock* Al Spicer,1999 A selection of rock albums from the 50 s to the 90 s that packs the whole story of rock from zillion sellers to the wilfully obscure Reviews the artist the album and some of the individual songs Sex and Drugs Robert Anton Wilson,1973
