Pelton,1979 **The Sex Book** Shannon Dunlap,2015-01-22 Soon after I began my holistic healing practice a strange thing started to happen My clients began to ask me questions about what I was picking up as I was touching them I would describe to them what was entering my mind and the accuracy of my visions would amaze them and myself My massage practice evolved into a Tantra practice where I would coach people on everything from body image to their sexual problems I ve conducted over 6 000 sessions working mostly with men so I have learned a great deal about what men truly feel about their bodies about their relationships and about sex My unique experiences have led me to the realization that our society is extremely confused about sex and most of us have very little appreciation for our bodies This is no accident the Puritans founded this country and they brought their warped frame of mind with them After all these are the people who burned women alive simply because someone accused them of being a witch Their social order enslaved people with fear and misery but their influence has now outlived what little purpose it may have served if any Our society has been influenced by ideas from distant cultures This is an age of awakening and it s time we free ourselves with open and positive thoughts This book is based on a transcript of a class taught by Raymon Grace and myself I dedicate this book to a growing appreciation of the human body and the ongoing evolution of the human mind **The Sex Ed You Never Had** Chantelle Otten,2021-09-28 From award winning psychosexologist Chantelle Otten comes the well overdue inclusive and meticulous guide to all things sex bodies and relationships For too long talking about our anatomies and our experiences has been taboo Normal functions have been deemed embarrassing and even shameful impacting people s mental and physical health In this amazing and comprehensive guide filled with accurate facts and helpful illustrations Chantelle refuses to leave these conversations languishing on the fringes any longer From breaking myths about reproductive health to exploring ideas of consent **The Sex Ed You Never Had** will teach everyone something new about their body and the fun and pleasurable ways to use it **The Sex Book** Suzi Godson,2013-02-14 **The Sex Book** explores the subject of sex health and sexuality in a straightforward uninhibited accessible and adventurous way Designed as a guide the book explains everything you want to know about conventional and

unconventional sexual behaviour in gender neutral straightforward language with bold visuals A wealth of information is balanced with practical advice and personal experience The book presumes little and the tone is witty and direct It avoids the usual stigma attached to sex manuals by having a detached editorial approach that packs gritty sex between beautiful contemporary graphics Ranging from G spots to sex diets The Sex Book speaks plainly and openly about a subject at the emotional and spiritual hub of everyone s life At long last a contemporary guide to sex for absolutely everyone whatever their orientation
