Bookseller's catalogues Thornton J. and son,1883 *The Civic Conversations of Thucydides and Plato* Gerald M. Mara,2008-07-15 This book argues that classical political philosophy represented in the works of Thucydides and Plato is an important resource for both contemporary democratic political theory and democratic citizens By placing the Platonic dialogues and Thucydides History in conversation with four significant forms of modern democratic theory the rational choice perspective deliberative democratic theory the interpretation of democratic culture and postmodernism Gerald M Mara contends that these classical authors are not enemies of democracy Rather than arguing for the creation of a more encompassing theoretical framework guided by classical concerns Mara offers readings that emphasize the need to focus critically on the purposes of politics and therefore of democracy as controversial yet unavoidable questions for political theory The metallurgy of silver Manuel Eissler,1891
