declassified British bugging of Axis prisoners of war military historian Simon Ball turns Alamein on its head explaining it as a cultural defeat for Britain Alamein is a military history of the battle showing how different it looks stripped of later cultural excrescences But it also shows how Alamein culture saturated the post war world when archival sources mingled with film novels magazines popular histories and the rest of Alamein s footprint Whether you are interested in the battle itself or its cultural afterlife if you have an opinion about Alamein you ll question it after reading this book *The Bookseller* ,1977
