Alexander the Great DBQ

Background: The Peloponnesian War left Greece weakened, the city-states were divided, and overall the society was very vulnerable. Philip of Macedonia (a mountainous region the Greeks had always considered backwards and uncivilized) had a dream of expanding his power and conquering Greece and Persia. He was able to do this in 338 BC, but was subsequently assassinated. His son, Alexander, then took the throne, expanding his father's empire farther than he could have ever dreamed and becoming one of the first "celebrities" of the ancient world. But how great was Alexander really?

Evaluate the extent to which Alexander III of Macedon, known as "Alexander the Great," deserved the title of "Great." Consider his achievements, leadership, and the impact of his actions on the regions he conquered and beyond.

Historical Context
