AMALGAMATED RELEASED MULTIPLE-CHOICE QUESTIONS

Updated April 13, 2017.

This document contains all released multiple-choice questions useful for studying for the Intellectual Property survey course.¹

Answers for these questions are in a separate document in the Exam Archive at ericejohnson.com.

Some Typical Notes and Instructions:

1. Answer the questions based on the general state of the common law and typical statutory law in the United States, including all rules, procedures, and cases as presented in the course, as well as, where appropriate, the theory, history, and skills covered in the course. Your goal is to show your mastery of the course material and your skills in analyzing legal problems. It is upon these bases that you will be graded.
2. All facts take place in the United States, unless otherwise noted. Assume that today's date is [today's date], unless indicated otherwise.
3. Any reference to a "patent" is a reference to a utility patent, unless otherwise specified.
4. Any reference to a patent application is a reference to a nonprovisional application, unless otherwise specified.
5. Unless otherwise specified, the term "trademark" is used in the common-law sense and, for instance, includes service marks.
6. Each question has one correct answer. Choose the correct answer based on the materials assigned and information presented in the course.
7. Each correct answer is worth one point. There is no penalty for incorrect answers.
8. A reference to "can sue," "can bring an action," "has a claim," etc., refers to a plaintiff's ability to properly allege and plead a claim with some substantial promise of success.

¹ There are a few additional publicly released questions from the practice exam for the 2006 course Patent Law (available in my Exam Archive online). But I don't recommend using that document for the contemporary survey course in Intellectual Property. What questions there are in that document that would be useful for IP students have already been incorporated (with slight modification) into this document as questions 36-38.
