## The Fourteen Ideas

Beauty	Courage
Equity	Freedom
Goodness	Grace
Immortality	Hope
Justice	Truth
Virtue	Wisdom
Glory & Honor	Change

In his historic work, *The Great Ideas*, Mortimer Adler discusses the importance of relating themes of literature to the great ideas and philosophers of Western culture. In order for a reader to comprehend cultural progression and the progression of history, the reader must understand the great ideas behind the stories of literature as well as the motivation for events of history. By supplying a reader with a universal idea such as beauty, truth, or goodness, the writer of a study guide facilitates the reader's understanding of the author's purpose in writing.

In Creation God's declaration of "It is good" is more than a conclusion for His completion of the work of the day. This declaration educates man in the terms of goodness and completion. Man, with this phrase in mind, was expected to judge his own creations by the judgment God pronounced on His own creation. For a man to declare his own work to be good, it must follow the criteria and standards of the Creator in the beginning. Likewise, the reader is asked to find the phrase in standards by each author in each work that is read.

One advantage of a Great Books reading program is to train the mind of the reader to conform not only to the mind of the writer, but also to the mind of God by comparing the Great Ideas and themes of western literature to the Great Ideas and themes of the Creator of the Universe and Author of the Bible.

For the sake of brevity, we have selected 14 ideas in which to focus our study.

## About the Book

*"Paul Revere's midnight ride... Washington crossing the Delaware... the winter crisis at Valley Forge... some events of America's War for Independence are known to us all. But there are other episodes, just as dramatic, that seem to have been lost in the dusty pages of history."* Thus begins the introduction to *Guns for General Washington*.

This story is one of those incredible tales that seems to have been labeled as less important than some of the other events of the American Revolution. But the events in this story were key to the American's success. It follows the story of Henry Knox and his younger brother William, as they travel from Cambridge, Massachusetts, to Fort Ticonderoga to bring back artillery for General Washington's troops.

The army is running dangerously low on all of their food and supplies; but even if they had enough gunpowder and shot to supply the army, they would not be able to drive the British from Boston. For that, they need artillery. Thus Henry devises a cunning plan to trek across hundreds of miles of dangerous mountain trails and face wretched

weather to bring back cannons, mortars, and other weapons of war back to Cambridge. If the two Knox brothers fail in their endeavor, the colonies might lose their courageous fight against the British. The fate of American independence rests in their young hands.

*From the east to the west  
blow the trumpet to arms;  
Through the land let  
the sound of it flee;  
Let the far and the near  
all unite with a cheer  
In defense of our Liberty Tree!*  
--Thomas Paine (1775)
