**Lingjun Ying**

## **Real Estate Principles A Value Approach 3rd Edition:**

Real Estate Principles: A Value Approach David C Ling, Wayne Archer, 2012-12-18 Real Estate Principles A Value Approach demonstrates how value is central to virtually all real estate decision making Students using Ling and Archer should finish the course with a value oriented framework and a set of valuation and decision making tools that can be applied in a variety of real world situations The key to making sound investment decision is to understand how property values are created maintained increased or destroyed Since the launch of Real Estate Principles A Value Approach significant and lasting changes have come upon the world of real estate This is very true in real estate finance and capital sources where most of the traditional lenders have been transformed or displaced giving way to a radically different set of players in mortgage finance There has been change with profound and far reaching implications in a world where it is understandable that property values can go down as well as up This realization will color every aspect of real estate investment finance and transactions for the foreseeable future

**Real Estate Principles: A Value Approach** David Ling, Wayne Archer, 2006-11-07 Real Estate Principles A Value Approach demonstrates how value is central to virtually all real estate decision making including whether and how to lease buy or mortgage a property acquisition whether to renovate refinance demolish or expand a property and when and how to divest sell trade or abandon a property Students using Ling and Archer should finish the course with a value oriented framework and a set of valuation and decision making tools that can be applied in a variety of real world situations Real Estate Principles A Value Approach provides students and instructors with the most modern engaging and attractive textbook available on the subject with helpful pedagogical features unmatched by any other title

*The Encyclopedia of Housing, Second Edition* Andrew T. Carswell, 2012-05-31 Since publication of the groundbreaking Encyclopedia of Housing in 1998 many issues have assumed special prominence within this field and indeed within the global economy For instance the global economic meltdown was spurred in large part by the worst subprime mortgage crisis we've seen in our history On a more positive note the sustainability movement and green development has picked up considerable steam and given the priorities and initiatives of the current U S administration this will only grow in importance and increased attention has been given in recent years to the topic of indoor air quality Within the past decade as well the Baby Boom Generation began its march into retirement and senior citizenship which will have increasingly broad implications for retirement communities and housing assisted living facilities aging in place livable communities universal design and the like Finally within the last twelve years an emerging generation of young scholars has been making significant contributions to the field For all these reasons and more we are pleased to present a significantly updated and expanded Second Edition of the Encyclopedia of Housing
