Educational Research Competencies For Analysis And Applications International Edition:

Educational Research L. R. Gay, Geoffrey E. Mills, Peter W. Airasian, 2011 Students often fear the educational research course Don't worry this book is famous for its lack of jargon for its clear and concrete explanations and its light often funny tone As you read the book you will build skills that you need to read educational research and produce your own The book will help guide you through each step in creating your own research report You can compare your work with the example published research articles in every methods chapter In addition the new Digital Research Tools for the 21st Century feature introduces novel tools and methods you can use to make the process of doing research easier or more efficient like using speech recognition programs to save time transcribing interviews using flip cameras and Skype to collect qualitative data and using management programs to organize citations

Educational Research L. R. Gay, 1976 Educational Research: Pearson New International Edition Lorraine R. Gay, Geoffrey E. Mills, Peter W. Airasian, 2013-10-03 For a senior level undergraduate course or a graduate level course in educational research A straightforward text focused on building skills needed by competent consumers and producers of educational research The authors of this text help students acquire the skills and knowledge required of competent consumers and producers of educational research Students aren't mystified by theoretical and statistical jargon Instead through practical examples and a light often funny tone students are taught how to read and perform research The new edition includes a Digital Research Tools for the 21st Century feature that introduces novel tools and methods researchers can use to make the process of doing research easier or more efficient
