The Canadian North Issues And Challenges:

The Geography of the Canadian North Robert M. Bone, 2003 **The Canadian North** Robert M. Bone, 2009 Nowhere is the impact of climate change more clear than at the Earth's poles. But melting sea ice and starving bears are only the most visible challenges facing the North today. The consequences of industrial activity especially oil and gas extraction and diamond mining are also profound not only for the region's ecosystems but for its human inhabitants. Despite improvements in the political status of the northern Aboriginal peoples economic conditions remain precarious and many communities struggle to cope with desperate social problems. In *The Canadian North* Robert Bone draws attention to the complex connections between the geographic economic political and social dimensions of the region's history. At the same time he emphasizes the flexibility required to address current challenges not least the conflicting interests of the people for whom the North is home and the southerners for whom it is merely a short term source of high wages or investment returns. Including study questions and an extensive glossary *The Canadian North* is intended primarily as a textbook for upper level courses in geography environmental studies Aboriginal studies and Arctic circumpolar studies. But the background it provides will be of value to anyone seeking a deeper understanding of the issues at stake in the North today. Detailed vignettes explore a broad range of topics from the beaver hat craze of the 1600s the merits of rival gas pipeline proposals and the relocation of the Davis Inlet community to the campaign to save the Tatshenshini river basin the debate over special status for the Inuktitut language and the modern Malthusian trap that develops when population growth outpaces economic development. In addition to updated data from the 2006 Census this third edition includes new discussions of topics such as Arctic sovereignty Aboriginal business ventures and the diamond boom in the NWT and new information on the effects of climate change in the North. Book jacket **The Canadian North** Robert M. Bone, 2012-04-26 *The Canadian North Issues and Challenge* Fourth Edition is a comprehensive survey of the geographic economic political and social dimensions of the Arctic region. WorldMinds: Geographical Perspectives on 100 Problems Donald G. Janelle, Barney Warf, Kathy Hansen, 2004-05-31 Geography today is a vibrant amalgam of theories methods and data about past current and emerging worlds. Geography and the geographers who produce it dwell at the intersection of the natural sciences the social sciences and the humanities and various admixtures of their theories methods and data constitute the 100 chapters included in *WorldMinds*. Arrayed under the rubrics of politics and power human wellbeing cities livelihood ecosystems human environment interactions hazards natural systems new methods and human perceptions these 100 short essays reveal and exemplify the conceptual and topical richness of contemporary North American geography. As is evident in these rubrics and essays geography today is a many splendored enterprise ranging as the editors note from feminist deconstruction to fluvial geomorphology. Geographers have something strikingly valuable to say about many if not most of the problems that confront individuals and groups in locales and regions ranging from the plots of smallholders to the entire globe. The diverse chapters

of WorldMinds well illustrate some of the key geographical perspectives that contribute usefully to the broader understanding of common problems

The Geography of the Canadian North Robert M. Bone, 2003 This text looks at the dual relationship of the Canadian north as both resource frontier and homeland of many Aboriginal groups Since the last edition of this text many changes have occurred raising the possibility that both the frontier and homeland concepts can become a northern reality These concepts are coherently presented throughout the book and brought to the fore in the concluding chapter
