**Summary of Reyna Grande's *The Distance Between Us*** Everest Media, 2022-08-29T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The United States is a much more powerful entity than La Llorona the weeping woman who takes children away It takes away parents not children 2 When my mother left to sell Avon products I would often go with her But when she said she wouldn't be gone for long I knew it would

be different I never imagined that not too long would turn out to be never because I never got my mother back 3 I was too young to understand the risks my mother was taking but I could see how she had changed walking down the street She no longer looked down at the ground because she was afraid of the rocks tripping her 4 My grandmother s house was located in a poor town in Mexico called Iguala de la Independencia The house was surrounded by a corral To the east of the house was an unpaved street that led to the church the school and the tortilla mill To the west was a dirt road that led past Don Rub n s house and curved east to the dairy farm the canal and the highway
