Transforming the Pharmaceutical Supply Chain Hedley Rees, 2025-10-14. Effective and insightful solutions to the most pressing supply chain challenges facing pharmaceutical companies today. In *Transforming the Pharmaceutical Supply Chain*, veteran biotech supply chain strategist Hedley Rees delivers a reasoned and systematic solution to the most widespread and relevant challenges in the pharmaceutical supply chain. The book explains the deeply rooted issues within pharma supply chains and the modus operandi of the industry while also discussing effective solutions to the underlying causes that led to widespread system breakdown. The author applies modern methods of product development and commercial supply successfully used by leaders in the field. He provides real-world examples of ways to make the delivery of medicines to patients efficient and effective. Readers will also find a clear explanation of the development, manufacture and delivery of drugs to patients. Comprehensive explorations of the issues and challenges to the current supply chain system paired with effective solutions. Expert witness accounts, anecdotes, case studies and examples of pharmaceutical supply chain difficulties and solutions. Complete treatments of how to adapt supply chain techniques to a pharmaceutical era dominated by biologics and advanced therapies. Perfect for pharmaceutical and biopharmaceutical professionals working in drug development. *Transforming the Pharmaceutical Supply Chain* will also benefit industry professionals with a responsibility for the logistics, commercial supply, manufacturing, regulation, quality management, finance and marketing of pharmaceuticals.

Thinking Veganism in Literature and Culture Emelia Quinn, Benjamin Westwood, 2018-05-24. This collection explores what the social and philosophical aspects of veganism offer to critical theory. Bringing together leading and emerging scholars working in animal studies and critical animal studies. *Thinking Veganism in Literature and Culture* shows how the experience of being vegan and the conditions of thought fostered by veganism pose new questions for work across multiple disciplines. Offering accounts of veganism which move beyond contemporary conceptualizations of it as a faddish dietary preference or set of proscriptions, it explores the messiness and necessary contradictions involved in thinking about or practicing a vegan way of life. By thinking through as well as about veganism, the project establishes the value of a vegan mode of reading, writing, looking and thinking.
