- Identify four components of effective communication skills.
- List three rules for effective negotiation.

### CONFLICT AND EFFECTIVE COMMUNICATION

Conflict resolution skills are essential, not just for nursing leadership, but for all nurses. Nurses, in general, have been found to lack conflict resolution skills and often use avoidance or withdrawal when confronted with conflict. In order for conflict to be managed successfully, effective communication skills are necessary. Effective communication skills are skills that stress resolution and a positive outcome, allow for the discussion of the issue without blame, and include the ability to clearly express oneself to avoid misunderstandings and miscommunication.
